

News from Briar Hills

Kathy Kinley
MA. 6-6434

The Thanksgiving turkey and dressing are gone and now it's time to get that Christmas card list in order. For some Briar Hill folk, Thanksgiving was an extended holiday.

Rosemary and Tom Furlong, with their children, returned Sunday from their home town, Mrs. George DeCoux of Frank-

Cincinnati, where they spent the major part of the week visiting Rosemary's folks. The Devlin's, likewise, spent Thanksgiving away from home. Gloria and Bill and children left Tuesday for Bill's folks hunting cabin on the Manistee River and had a real wilderness get-

ting. John Kinley, son of Jack and Kathy Kinley, was a delegate from North Congregational church at the Michigan Pilgrim Fellowship Olive Rally held at Olivet Michigan Thanksgiving weekend.

Donna Braumreuther, whose birthday was Nov. 10, was guest of honor at her home on Saturday, Nov. 28. Six candles were glowing on her cake as she celebrated her birthday with Kathy Columbus, Sherry Louie, Kathy Nolle, Chris Nolle, Laurel Daggett, and Debbie Marzinske. It was a special day for her father too as Saturday was his birthday.

Seven women gathered at the home of Kathy Kinley for a birthday luncheon yesterday to honor Maro Ferris's birthday. You might call this a birthday club. These gals have a luncheon once a month to honor a member's birthday.

TWO MORE new families have moved into Briar Hills. Irene and Lyle Young (prior to their children Linda, 14, March 13, Janice 9, and Steven) 3, are making their home on Old Bedford.

Pittsburg was the former home of the Hall's on Northwick. John and Fran with their children Rebecca, 9, Kathleen, 7, and Jack, 5, moved to our subdivision a short time ago. Please—if you know of any news of interest, call me. Let's keep this column going.

Sowers' Visit Famed Caverns

Mr. and Mrs. Max Sowers, 26905 Farmington Rd., visited Carlsbad Caverns National Park, the world's largest caverns, recently.

Among the famous formations viewed were the Temple of the Sun; the beautifully decorated Giant Dome which is as tall as a six story building; the glittering Crystal Spring Dome, which is the largest active formation; and the Dolls Theater with its minute formations.

Named County Chairman of '60 March of Dimes

The Rev. G. Burton Hodgson will be the volunteer campaign chairman of the New March of Dimes in Oakland County. He was named to the position by the county chapter's Board of Directors.

Rev. Hodgson, of 2488 Derby, Farmington, is director of Christian Education for the Episcopal Diocese of Michigan.

In accepting the volunteer post, Rev. Hodgson said, "I feel it is a privilege to serve a cause as worthy as this one. When one has been close to the work of the National Foundation, it is genuine pride to become more and more apparent. I am grateful for this opportunity."

MR. HODGSON explained that the word "New" had been added to the March of Dimes to emphasize the fact that National Foundation funds are now used to fight two crippling diseases in addition to polio.

"The New March of Dimes" expanded program now fights crippling birth defects and arthritis in the same effective way that the polio fight has gone on for more than 20 years.

"Each year, nearly 35,000 infants are either stillborn or live less than a month as a result of birth defects," Mr. Hodgson said. "The National Foundation's action in tackling this affliction promises great benefits to parents and generations of children to come."

THE NATIONAL Foundation is coordinating its attack on the cause and treatment of arthritis, the most of the crippling age 10,000,000 victims in this country. Efforts in this field will be directed especially to youthful victims so that they will be enabled to reach adulthood as free as possible from deformity.

In addition, the Oakland County Chapter is continuing to provide aid for 200 victims of paralytic polio from all sections of the county. Mr. Hodgson pointed out that through the years every cent raised in Oakland County has been spent here.

"The New March of Dimes needs more volunteers, more generous donations and an all-out effort to get these three jobs done," Mr. Hodgson said. "We need volunteers, particularly women for our Mothers' March, but we can use well-used men, too. We urge all who can spare the time to call FR-4041 and help us help you and yours."

A NATE E. Canada, Mr. Hodgson has lived in the United States since 1926. Prior to his entry into the ministry, he was a general auditor for the Postal Motor Division. He served four years in the Army during World War II and had attained the rank of captain.

He was graduated from Seabury-Western Theological Seminary in 1949 and was ordained to the priesthood in September, 1959. His appointment to the diocesan department of Christian Education followed five years of parish work.

He has been active in the Oakland County Chapter of the National Foundation for five years and is serving his fourth year as chairman of the chapter's board of directors.

School Principal Honored by Staff

It was quite a surprise to principal John Klingeberger of Clarencville Elementary school last Monday evening, when he found all the school's staff members, plus husbands and wives, gathered in the lunchroom for a party in his honor.

Immediately upon the arrival of Klingeberger, and his wife, a full-course dinner was served. The meal was followed with games and skits, in which everyone took part.

The closely-knit group of teachers and spouses enjoyed themselves immensely, reported one guest.

Horatio S. Earle of Detroit was Michigan's first State Highway Commissioner. He held the post from 1905-09.

The Farmington Spee's Investment Club is very lucky and fortunate. Their first investment, D.W.G. Cigar stock, has just declared a one for four stock split plus a twenty-five percent dividend. At their last meeting the club chose to purchase two shares of General Dynamics. The next meeting of the club will be held December 18 at the home of Woody Bridges.

The first meeting of the subdivision association's new board of directors was held at Bill and Mary DeLain's home. Beside getting their house in order for the coming year, there was a report from the chairman of the association, committee. Bob Gray reported on his effort to have the debris left by the builder cleaned up and what he could discover pertaining to the possibility of getting Carvin Drive and Marvin Road paved.

THREE MORE expedited bodies have popped up in the subdivision. No sooner had Dave Chickney recovered from Chickney when his brother, Steven, and sister, Nancy, decided that it was time the little red spots should appear. Not to be outdone by his neighbors across the street, three months old Dickie Combes decided that he might as well get this little red spot disease out of his system.

strongly suspect it will mushroom through the subdivision like a plague.

The Crump family is finally on a tour of Northland, an evening at Cherana and a shopping spree in downtown Detroit.
