Santa Clause and Milky the Clown will be at the Alameda School for the Childrens' party tonight. It will start promptly at 7:30 p.m. in the multipurpose room and children through 12 are all invited to attend and give Santa their "Order" and visit Milky the Clown. There will be gifts and refreshments for all. Mamas and Daddys are asked to accompany their children at the party.

LAST SUNDAY Norma and Marlowe Larson had their new baby, Cynthia Ann, baptized. Thirty-four relatives were present to celebrate the occasion.

Did You Know that the association is responsible for obtaining the yellow line down Orchard Lake Road, protecting our entrance?

Stuart Sivy celebrated his birthday last week with a family dinner. Those that helped him celebrate were Mr. and Mrs. William Sivy, Mrs. Knuth, Nancy and Bill Sivy, Mr. and Mrs. John Sivy Sr., Dr. and Mrs. T. Barr, and their daughter, Debbie. Stu's birthday isn't actually until December 23, but he celebrated it early because of the rush around that date.

City Parking Lot Work Going Ahead

Weather the past week permitted city employees to grade the area where the old apartment building was recently torn down, near the Grand River-Farmington Road intersection.

Now the curb and sidewalk fronting on Grand River will be torn out and an entrance built, and the area graveled for use this winter as free parking. Next spring the L-shaped tract will be blacktopped.

Church Women Hold Annual Meeting Dec. 4

The second annual meeting of the United Church Women of Farmington was conducted in the Salem Evangelical Church on Oakland Avenue Friday, December 4.

Mrs. Edge Cope, president, opened the meeting with the call to worship at one o'clock. Mrs. Radding played for the hymnals. Mrs. Alex Chechanoviez presented the devotionals. Mrs. Lingner sang a special musical number with Mrs. Radding accompanying.

The annual reports of, the president, the recording secretary, the treasurer and a report of the nominating Committee was given.

Following this, the election of officers was held. The new officers elected were: President, Mrs. Edge Cope; Recording Secretary, Mrs. Edgar Stewart; Treasurer, Mrs. Leonard Stiewill; Corresponding Secretary, Mrs. Otto Techow. Mrs. Gordon Schroeder graciously installed the officers.

Mrs. John Graham, State president of the Michigan Migrant Ministry of the Council of Churches for Michigan, gave a short talk concerning the migrants and presented colored slides showing their way of living and the type of work done by them during the productive months.

Rev. Carl Schultz closed the meeting with the benediction.

The women were invited to remain for a social hour with tea and wafers served.

More than 900 miles of new expressways will be built under the Michigan State Highway Department's current five-year, $1-1¼ billion construction program.

Shop in friendly Farmington.

Land Fill Suit Lost by Twp.

The state supreme court has decided in favor of Mrs. Emma R. Keller and against the township in allowing sanitary land fill on her property at 29105 Grand River. The fill was to have been along the Rouge river branch at the rear.

Over a year ago the fill was proposed for her property by the city of Detroit. Officials pointed out the dumping would not include garbage, and would be covered and packed regularly. Nearby residents protested, and the township denied the request.

MRS. KELLER went to court, and the township was rebuked in circuit court. On the possibility they could upset the decision, and wanting to stop such and fill before it got started, township officials carried it to the supreme court.

Feeling that not enough weight had been given to the flood control angle in this case, board members talked Tuesday night of probing further.

The court ruled it could see no real distinction between this and the well known Plum Hollow case in Southfield, where the decision was the same. Novi village has a similar case now, and officials have been pondering advisability of going to the supreme court.

Citizens For Mich. to Meet Pontiac Dec. 14

Some residents of Farmington city and township are expected to be among those attending the organization meeting Monday, Dec. 14, of Citizens For Michigan.

The meeting is at 8 p.m. Monday, at Central High School 250 West Huron street, Pontiac.

REGIONAL Chairmen Murray D. Van Wagoner has announced that George Romney, state chairman, will be the principal speaker at the Oakland county meeting. A committee of 30 Oakland county citizens, headed by the former governor, is sponsoring this meeting.

Following Romney's talk, the Oakland county residents will meet in 14 smaller groups, designated by township lines, to form local chapters. Residents of Farmington, Novi, and Lyon townships will meet in room 220 at the school. Auditorium and all meeting rooms are on the second floor.

SEVERAL chapters may be formed in a particular area, or in a single community if there is enough interest.

Among the major functions will be the formation of study groups in three fields:

1. What services does the state need.
2. How are such services to be paid for.
3. What changes in the structure of state government are needed to give Michigan the type of government most responsive to present day problems and opportunities.

AN INTENSE membership drive through Oakland county has been conducted the last three weeks. As a result a good attendance is anticipated, with a number from this area.

Special arrangements have been made for parking cars. Attendants will be on duty to help parking in the school's main parking lot, off Huron and Washington streets.

Twp. Police Study Report to Board

Capt. Fred E. Davids of Michigan State Police, who had been asked by the township board to review township police procedures, had some praise for local methods but several suggestions which would bring methods more in line with standard state uniform practices.

He thought records had been kept quite well so far, but pointed out the work was growing and might well be changed before the future load got really heavy. Suggested were such items as a uniform filing classification system and various forms.

HE STRONGLY urged more use of auxiliary police personnel on week ends so officers would not have to ride alone, and suggested the board consider an individual officer rating system.

Board members, after hearing his report Tuesday night, thought they'd like to talk further about his ideas, and asked that a meeting be set up.

No Expansion

A request by the owner of the Little Valley Trailer Park at 20832 Tuck road to enlarge his operation onto adjoining land found little sympathy from the township board Tuesday night. They pointed out the township zoning ordinance now prohibits trailer parks, and said his petition should have to be taken to the board of appeals. The board felt it had no authority to act.

Ordinance to Cover Minors With Liquor

No longer content with a state law covering minors in possession of liquor, the city council will pass an ordinance of its own, will simplify procedure and bring fine money to the city instead of state.

The council introduced the will pass on it with any new ordinance Monday night, changes later.

NO PERSON under 21 years, according to the new ordinance, shall purchase or attempt to purchase, or have in his possession any alcoholic beverage, nor shall it be consumed.

Other portions prohibit furnishing false information as to age to any officer, or in buying liquor. Nor can the minor possess, transport, or have under his control such beverage.

'Subs' League To Hear Talks On Assessing

The re-evaluation of all properties in Farmington Township and what it means to the homeowner will be the important topic of discussion at the December meeting of delegates of the Farmington Township League of Subdivisions Association.

On hand to discuss this township-wide re-evaluation which has been underway for the past two years will be Township Supervisor Curtis Hall and William Gallagher, tax assessor.

It was revealed that during the next few weeks every homeowner will receive a letter advising him of the new evaluation placed on his property.

The hope is that the delegates from every subdivision in the township will be present at this meeting so that they can better understand the present method of evaluating home here and report back to their respective subdivision groups, a league spokesman commented.

Following talks by the officials there will be a question and answer period.

The meeting will be held next Tuesday, Dec. 15, at 8:15 p.m. in the Farmington Savings and Loan Building on Ten Mile just west of Orchard Lake Road.

To Take Children On Christmas Tour

Thirty youngsters from less fortunate families in the area, as designated by the Farmington Goodfellows, will be taken on a special Christmas shopping tour this Saturday, Dec. 12 by members of the Farmington Junior Chamber of Commerce.

This is an annual project which has been conducted by the Jaycees for the past several years.

The tour will be conducted from 9 a.m. until 12 noon.

Obedience is not truly performed by the body, if the heart is dissatisfied.—Saadi.

Sewer Petitions for 13 Mile Arm Lacks Necessary Names

The petition presented the township board Tuesday night by George R. Klein asking action on the 13 Mile Road arm of the interceptor sewer was accepted and filed but no action was taken.

After discussion the board members pointed out the property involved was only about one-third of the total area. It also has to be a joint project with West Bloomfield township.

AS ORIGINALLY planned by the dep't of public works, there should be petitions with at least 51 per cent of the properties involved.

It's true the board could ask the county DPW to go ahead and set up such a district, which would then be a county project. Members indicated they did not favor such procedure as being not truly indicative of feeling of owners in any area, and said they didn't want to force anything down anyone's throat.

To Mr. Klein they said they'd keep the petitions on file and asked him to go out and get names.

Completing Plans For Santa's Visit

Final plans are now being made by the Farmington Junior Chamber of Commerce for Santa Claus' visit here a week from this Saturday, Dec. 19.

Santa will arrive in town around 9:30 in the morning and make a tour through the downtown area and into subdivisions in the vicinity. From 11 a.m. until around 2 p.m. he will be at the Farmington Senior High on Shiawassee Road to take orders for toys and gifts from area boys and girls.

Restlessness and discontent are the first necessities of progress.—Thomas A. Edison

Can Twp. Buy Land Without Prior Okay?

The question of purchasing a lot and house next to the Wheeler street fire station for parking purposes was discussed again by the township board Tuesday night.

Attorney Joseph T. Brennan had been asked for an opinion. He thought it could not be done without being included in an approved annual budget, except for purchase of such things as fire stations. It was pointed out this tract would be parking for a fire station, so further study will be made.
