

Exchange Student Makes Mark At Clarenceville

Having been in this country only since last September, Piet van Emmerik, senior at Clarenceville High School, has made a remarkable adjustment to the American way of life.

The exchange student from the Netherlands is vice president of the senior class, serves on the student council, and is a member of the varsity club, has been in a school play, was on the basketball team and is now on the track team.

Piet went off to a great start in his track career under coach Ralph Lemby as he won the 180 yard dash and placed fourth in the 100 yard dash in the opening meet of the season with Farmington High and Bentley.

This was Piet's first taste of track competition. To add to his accomplishment, Piet went into the triangular meet with only two days practice under his belt as he belongs to the country club.

Piet has been enjoying his stay in the U. S. especially the athletic activity offered. He points out that in the Netherlands the high schools have no athletic programs and the students attend classes five days a week and put in a long day.

Piet thinks the teen-agers in the Netherlands are pretty much the same as his classmates here. He says that in the Netherlands they are not so much into sports as they are here. He says that in the Netherlands they are not so much into sports as they are here.

Lancers Lose In First Meet

The Our Lady of Sorrows Thincides were defeated by the Benedictine Friars in a dual meet this past week. The Lancers scored their opponents in four events while the Friars were victorious in nine events.

Winners for the Lancers were John Byrne with a vault of 9' 6" in the pole vault, with a time of 2:25 in the 800 yd. run, and a school record of 1:10 in the 400 yd. dash.

The Lancers next meet will be with Wayne St. Mary's at home.

Up'n Around Ridgewood And The Manor

LYNNE RICK GR. 4-6447 SHARON CROWE GR. 6-0898

Easter bunnies, eggs, and hats as well as the traditional Easter ham are probably the mainstay in the proper place.

Other families who entertain friends and relatives at the residence of Marion and George Moore, a delicious dinner and swimming were the guests last week end.

Their guest list included their son and his family, George's sister, three of Dale's friends, and their daughter Carol and her husband.

Among the subdivision's college students spending the holiday at home were Greg Martin, Mike McHugh, Claude Rick, and Pat Darby, formerly of Ridgewood, who are students at the University of Detroit.

Charles J. Martin returned a week ago last Sunday relaxed and rested after spending a few days at White Sulphur Springs.

It was rainy here in Farmington but in Sharon, Pennsylvania, where the Ricks spent three lovely days, the tulips were in bloom, and ladies were parading in their Easter finery.

Another family who spent the holiday out of town were the eight Camerons. They left Holy Saturday to spend some time visiting relatives in Cleveland.

Ann and Pete Girkin entertained Ann's two sisters, Mrs. Helen Podas and her two children of Redford, as well as Mrs. Kate and her three children.

Ann is truly having an Easter vacation for her two daughters, Marcia and Rose were taken home to spend a few days with each of their aunts.

The John Applegates of 5.5 Million to MSU in Grants

Michigan State University received \$5,574,150 in gifts and grants from individuals, groups, foundations, business organizations and Federal agencies during the 1949-50 fiscal year.

President John A. Hannah has called the gifts and grants a remarkable expression of confidence in the university.

Gifts in support of specific educational programs were the largest category, totaling \$2,281,983. Among major items in this category were grants totaling \$645,750 from the National Science Foundation, most of them to the Science and Mathematics Teaching Center.

GRANTS for research totaled almost as much as those for educational projects: \$2,207,770. Again, one of the major donors was the National Science Foundation, which granted a variety of research projects.

Among gifts for miscellaneous purposes largest was \$543,800 from the W.K. Kellogg Foundation to improve facilities at the Gull Lake Biological Station.

Traffic Deaths High in State

Six traffic deaths, four of them in a single accident, on the extra day leap year gave February resulted in a total of 63 fatalities compared with 68 for the same month last year, according to a provisional report issued by the State Police.

Because of the extra day and delayed reports still to come, however, February will not, doubtfully become the second consecutive month this year to show more fatalities than in the corresponding month of last year. At the end of 28 days the toll was 11 under the figure set in 1949, which was the lowest for that month in 27 years with the exception of two.

Candy, Soft Drinks Threaten Nutrition

The candy and soft-drink hazard is a real threat to your child's nutrition. Roberta Hershey, nutrition specialist at Michigan State University, says health total for the year now it may be especially harmful to his teeth. If the child acquires the sweet-snacking habit, he may cease to enjoy the bland foods in his normal diet. He's likely to eat less and less of the bland foods and become undernourished.

Champion Sox Open Season With Tigers

The Detroit Tigers open their 60th American League season in early decorated Brien St. Louis, Mo., on Monday, April 24, at 8 p.m. at 3919 John R. The meeting is open and free to the public.

Talbert, 40, and a business executive, was named captain of the U.S. Davis Cup team in 1933. The following year, with Vic Seixas, he won the trophy for the United States.

John and Betty Hurley and their two children, Pat and John, spent the day at Betty's sisters house.

ANN AUDETTE'S Easter was one of the best. For Chuck treated the whole family (all nine) to a delicious dinner at Howard Johnson's.

The Eckerts of Eleven Mile, Geri, John, and two-year-old Karen, visited with friends here in Farmington.

It was rainy here in Farmington but in Sharon, Pennsylvania, where the Ricks spent three lovely days, the tulips were in bloom, and ladies were parading in their Easter finery.

Another family who spent the holiday out of town were the eight Camerons. They left Holy Saturday to spend some time visiting relatives in Cleveland.

Ann and Pete Girkin entertained Ann's two sisters, Mrs. Helen Podas and her two children of Redford, as well as Mrs. Kate and her three children.

Ann is truly having an Easter vacation for her two daughters, Marcia and Rose were taken home to spend a few days with each of their aunts.

The John Applegates of 5.5 Million to MSU in Grants

Michigan State University received \$5,574,150 in gifts and grants from individuals, groups, foundations, business organizations and Federal agencies during the 1949-50 fiscal year.

President John A. Hannah has called the gifts and grants a remarkable expression of confidence in the university.

Gifts in support of specific educational programs were the largest category, totaling \$2,281,983. Among major items in this category were grants totaling \$645,750 from the National Science Foundation, most of them to the Science and Mathematics Teaching Center.

GRANTS for research totaled almost as much as those for educational projects: \$2,207,770. Again, one of the major donors was the National Science Foundation, which granted a variety of research projects.

Among gifts for miscellaneous purposes largest was \$543,800 from the W.K. Kellogg Foundation to improve facilities at the Gull Lake Biological Station.

Porcupine Has Bad Reputation

The quill-pick, porcupine hog, prickly-eub, quiller of just plain porcupine, is also sometimes called "trouble-maker" in state and federal forests of the upper peninsula.

The animal's preference of bark for food has earned him this latest moniker. Effects of the porcupine's eating habits on the forest are not yet known.

Another family who spent the holiday out of town were the eight Camerons. They left Holy Saturday to spend some time visiting relatives in Cleveland.

Ann and Pete Girkin entertained Ann's two sisters, Mrs. Helen Podas and her two children of Redford, as well as Mrs. Kate and her three children.
