News from Briar Hills

Kathy Kinley MA. 6-6434
This past Easter week we found many Briar Hill families traveling to various sections of state and country for a refreshment of the mind. The Green Naumans' bemoaned the fact they didn't take their swimsuits along when they visited friends at Benton Harbor, St. Joe, Mich. last week-end. Just might have been a wet bit cool, don't you think?

Competition in Marriage May Lead to Strife
"Dr. Schroeder says that a successful marriage will have a healthy balance of both feminine and masculine qualities, with no competition to prove which person is better. The competition is not enough; marriage should be a partnership with real purpose, sensed by both husband and wife. We should not expect perfection in marriage. Much of life is on-and-off, yet people are deeply hurt when they discover that their marriage is less than perfect. They are unhappy because they are expecting things they have no right to expect. Dr. Schroeder says that there is some competition in every marriage, that some tension is normal and desirable. It is often a sign of attempting new looks at an old problem, new areas."

Letters submitted to the Editor for publication must be signed. Names will be withheld upon request. Opinions expressed in this column are those of the writer and do not necessarily represent the policies of this newspaper. Maximum length is 1,900 words.

Pat On the Back ---
Dear Sir:
May I commend you for your editorial in the April 7 issue of the Farmington Enterprise. The vast majority of your readers desire the best we can possibly offer in the way of school facilities and the highest caliber of teachers that our tax dollar can afford. However, I agree there is a limit to what the taxpayers can afford. In our community we are particularly handicapped by the lack of industry to help the home owner carry his tax burden. You recommended the abolishment of our annual township meetings in townships with population of less than 5,000 be accomplished through action of our State legislature. I agree, that legislation should also provide that townships with population of less than 5,000 population, official action of the annual township meeting should require a quorum of not less than 5 percent of the property owners in the township. May I again commend you for your frank and honest expression in this editorial. Sincerely yours, Leo P. Meagher
