

Present Books To Hospital

St. Mary's Hospital, Livonia, was recently the recipient of a large number of books for their new library. These were donated by the Friends of the Livonia Public Library.

A city-wide drive by this group many months ago resulted in hundreds of books to be used primarily for the Livonia Library. After sorting and checking, 1500 books were put on the shelves for the use of the general public.

The remainder, following three used book sales, became the donation to the hospital.

St. Mary's Hospital staff and the library committee of the hospital Guild are most grateful for this valuable addition to the library.

Dickie-Lou Market is open daily until 12 and Sundays until 9 p.m.

Greg Shoes Meet Your Merchants

Bernie Zivov, proprietor of the Greg Shoe store in the Bel-Air Shopping Center, came by his interest in the shoe business quite naturally since his father has long been a specialist in orthopedic shoe work in Detroit.

A graduate of Cooley High School, Bernie later attended Detroit Tech and then went on to the Detroit College of Law. Having advanced through much of the required law curriculum, he made the decision that the legal field was not for him and then ventured into the shoe business.

Greg Shoes has been in existence almost four years now. Bernie explains that his 6-year-old son, Greg, inspired the store name. He and his wife, Millie, have another son who is 2 years old.

Millie is a former Detroit school teacher who graduated from Kenzie High and then went on to Lansing to pursue her studies on the MSU campus.

GREG SHOES is somewhat of a specialty type store with the emphasis on juvenile and prescription type shoes. Suppliers include such widely known manufacturers as Child Life, Play Poise and American Juniors, all specialty houses. There are several other minor suppliers.

Millie and Bernie are busy people, what with their young family and business obligations and little time for outside activity. However, Bernie does manage to do some bowling on the team he sponsors. He is also treasurer of the Farmington Chamber of Commerce.

At the present time the store is engaged in the Flyer contest for youngsters. Lucky winners of the contest which runs through this Saturday will be presented prizes ranging from tents to baseball equipment.

BERNIE ZIVOV is shown checking over some merchandise that has just come in from one of his suppliers. It is one of the tents to be given away in the store contest.

Farmington Acres News Marie J. Miller GR. 6-2099

Just in case anyone might be interested, the following bit of information might just be helpful to someone. There are approximately 167 more shopping days until Christmas. Ho-Ho-Ho!

Happy to announce that the Flynn children, Jimmy, Michael and Colleen have successfully recuperated from the measles! And from the quiet of room 2232 at Mt. Carmel Hospital, came a shriek of delight. They said he could go home. And there was his mommy and daddy, Bud and Pooch Haas, anxiously awaiting the release papers so they could bring him home to Gary home. Welcome home little fellow, hope you are feeling much better. Pooch, incidentally, wishes to thank one and all for the cards and calling of Gary's condition.

DEBBIE GIBB happily announces (and not modestly) that she has finally mastered her two wheeler (without training wheels!) Debbie, aged 5, received the bicycle, a 26 inch from Mom and Dad as a birthday present.

And a bit of news to those that thought a small cow was being exercised last Wednesday evening. It wasn't really a cow at all, it was Dolly, a lil old St. Bernard, belonging to the Valdrin of Meadwalk. I just wonder though, who was taking her for the walk?

Hi Dee Ho and Away We Go! Where? To a picnic or course. Plans have been announced for a family picnic for everyone at the store. It will be held July 10th, at Kensington Park from 8 a.m. to 8 p.m. Come when you can and leave when you want to. There will be organized games and races with prizes for the winners for everyone from 1 to 99. Games will probably start at 1 p.m. Everyone bring their own food and beverages. Announcements will be given to each and every resident of the acres, to confirm the date, place and time.

Signs will be posted at all the roads approaching the picnic area at Kensington so no one will get confused or maybe even lost. And in case it might rain, we ask that everyone bring their own rain gear. Sounds like a great fun doesn't it? Chalk it up on your calendar right now, so you don't forget it. All-Right-Yes?

AND NOW FOR the fairy-tale of Cinderella and the glass slipper. Only in this story the Cinderella is 3 year old Michele Thibaudau and the glass slipper is a spankin new red plaid tennis shoe (one of a pair naturally) that her mother had just bought less than a week ago. Now as the story goes, Michele was playing in front of the house when she suddenly realized she was missing a shoe. Was the villain a dog or another playmate. This we do not know. Now if the handsome prince will find the shoe (red plaid and size 7) Michele's mommy would appreciate a call. GR 6-6262.

Now, who was it that said he was glad because his wife had a case of laryngitis. First time he's had a one-sided conversation in his favor for years. I think that's what he said.

And then there's the lady, who, almost every evening, drives all around the subdivision (mainly on Lakespur and Birchwood) so she can see what her back yard and patio looks like?

IN CASE you were wondering why Phil Kaufmann is driving around with a blue steamer tied to his car, it's because Carol has had a baby boy. Weighing in at 8 1/2 pounds, Master Kirk Hughes Kaufmann was born at Beaumont Hospital June 6th. Congratulations to all three of you. Now comes the sleepless nights with your little bundle from heaven.

We again urge all those who drive in the area to please slow down. Gosh knows there must be over a hundred kiddies in this sub who play on the streets. Occasionally they wander into the streets. Are you driving slow enough to stop? Also would like to ask the kids on bikes to please watch where they are going, especially when they turn around corners - there might be a car there!

Well, guess that about winds it up - see you next week!

34 Students To Visit This Area

Thirty-four foreign students will pay a two-day visit to the local area as guests of the Farmington American Field Service beginning July 1. These young people, representing twenty-one countries, are touring the U.S. as the final phase of their school year's stay as exchange students.

Host families are needed for the students' two-day visit here. Local families who have an extra bed and can extend their "old-fashioned" American hospitality, are urged to call Mrs. Reva Gottlieb, GR 4-5344 or Mrs. W. Mummary at Clarenceville High School, GR 4-6800, Ext. 17.

The exchange students will arrive at 12:30, July 1, and then be transported to CHS where they will meet their host families. Activities have been planned for both afternoons by the local AFS Committee members.

Some of the countries represented are: Argentina, Greece, Indonesia, Italy, Japan, Lebanon, Norway, Pakistan, Philippines, Switzerland, Union of South Africa, and Uruguay.

Receives High School Diploma

Jon Elson, son of Dr. and Mrs. E. Deane Elson, 28421 W. Eight Mile Rd., is a member of the 1959 high school graduating class at The Kemper School, Boonville, Mo., and received his high school diploma in the 416th Kemper commencement program, May 29, from The Rev. Samuel E. West, president and headmaster of Kemper.

Youngblood Is Honored at U-D

Lawrence J. Youngblood, Jr., son of Mr. and Mrs. Lawrence J. Youngblood, 21420 Giff Street, Farmington, a junior at the University of Detroit recently was awarded the Superior Cadet Ribbon.

This award is made annually by the Department of Army to the ROTC student in each class who has throughout the year demonstrated superior leadership and military and academic achievement.

In addition to this award Cadet Youngblood has in previous years received the Chicago Tribune Award and the Allied Veterans Council award for superior leadership and scholastic ability.

He is a member of the American Institute of Electrical Engineers and the Association of the United States Army. Youngblood's college major is electrical engineering.
