Babe Ruth League Formed in 1952; Has Thousands of Teams

Babe Ruth League, Inc. is a non-profit, tax-exempt organization sponsored by the Coca Cola Company and is dedicated to the task of developing good citizens by providing properly supervised baseball competition for the 13, 14 and 15 year old boys.

Incorporated in 1962 there are now many hundreds of leagues and thousands of teams in 47 states and five Provinces of Canada. During the year 1952 alone, new teams enrolled in the program at the rate of over 25 per week.

Undoubtedly one of the primary reasons for the success of the league is the fact that rules and regulations have been established through democratic procedures and with the guidance of professional people such as recreation directors and high school coaches etc.

THE FOUNDATION of the program is the 13, 14 and 15 year old boys on the standard diamond. Selection of the age grouping on the regulation infield was originally made after several surveys indicated that an overwhelming majority of the professionally trained men and women interested in youth were in favor of the basic concept of the program.

The experience during the past eight seasons of the thousands of Babe Ruth teams clearly endorses this basic decision. The psychological development of these young boys dictates the use of the regulation diamond under slightly modified baseball rules.

THE BABE RUTH League is a member of the American Association for Health, Physical Education and Recreation and the National Committee for Amateur Baseball as well as the National Recreation Association.
