Hamlin Presides At Cornerstone Laying
More than 500 citizens and County Officials met Monday afternoon at the site of the new Court House Tower, now under construction at the County Service Center just north of Pontiac to lay the cornerstone of the new building.
Delos Hamlin, Farmington resident and Chairman of the County Board of Supervisors, presided over the ceremony. He said that the people must have adequate space and facilities necessary for the efficient operation of the courts and the administration of justice. Hamlin said that the people must have "at the same time mirror the dignity of a free and democratic body of people. This dignity is not only necessary but it is the same dignity that we speak of when we use the phrase 'the dignity of the law.' He also pointed out that it is not only necessary that the Court House remind the people of their inherent dignity but a corresponding dignity is imposed on members of the Bar and the Judges who must make the law function.
IN ACCEPTING the responsibility placed on the lawyers and the judges, Jack W. Huston, of Royal Oak, Chairman of the Oakland County Bar Association, stated "traditionally in America lawyers have fought for our country on battlefields and in the Court Houses. The number of lawyers in Congress, State Legislatures and local councils has in recent years diminished. Therefore the lawyers of America must now accept and faithfully and skillfully discharge many duties which we formerly performed."
Other prominent officials who participated in this historic ceremony were George A. Dondero, former 18th District Congressman; Murray D. Van Wagoner, former Governor of Michigan; and Philip E. Rowston, Mayor of Pontiac.
The laying of the cornerstone marks another milestone in the steps taken by the County Board of Supervisors in providing suitable and adequate facilities for County government at the 330 acre campus-site Road in Pontiac.
FUNDING OF THE PROJECT
The County Building Fund built up over a period of years will pay the \$3,000,000 cost of this first phase of the project.
The Board of Supervisors decided to submit the question of a 4-year voted millage to speed up the date of completion of the Court House project and thus save the taxpayers of the County many dollars in interest costs which would be incurred in other means of financing. This continues the Board's policy of pay-as-you-go financing.

Health Ins. in US Covers 72%
More than 127 million Americans—72 per cent of the civilian population—have health insurance at the end of 1949, the Health Insurance Council stated recently in reporting the results of its 14th annual survey on the extent of voluntary health insurance coverage in the United States. The survey is based on reports from insured companies. Blue Cross, Blue Shield and other health care plans.
The Council said both the number of persons covered by health insurance and the amount of benefits paid reached new highs last year. Coverage increased by 4.8 million during 1949 to reach a total of 127,600,000 persons with health insurance protection.
BENEFIT PAYMENTS by all health insuring organizations to help cover the cost of hospital, surgical and medical care amounted in 1949 to more than \$4.3 billion, up \$400 million over 1948, said the Council.
In addition, persons with health insurance policies received \$338 million in benefits from insurance companies to replace income lost through disability. This is a grand total of \$5,753,000,000 in health insurance benefits were distributed.
The food industry employees—directly or indirectly—one of every four persons in the American labor force, paid \$45 billion in salaries and wages, but the total annual sales of around \$72 billion.

Announce MEA Staff Changes
The Michigan Education Association announces two organizational changes in field service staff, effective July 1, according to Dr. E. Dan Kennedy, MEA executive secretary.
Gerald N. Simmons, MEA director of higher education, during the past year, has been appointed director of field services. In his new position, he will direct all MEA field operations and coordinate all service activities.
Former Lincoln Park high school teacher and principal in Marine City, Simmons has been a member of the MEA staff since 1944, when he served as field representative.
He received his bachelor's degree from Eastern Michigan University and his master's degree from Wayne State University in 1947.
Also appointed to the MEA field service staff is Daniel R. Marlin, counselor at Redford Union schools (Detroit), who will assume the duties of field representative to the 16-county area making up Regions 10, 11 and 12 of the MEA.

Set Theme of C.S. Service
How health and harmony are gained through understanding the supremacy of God will be brought out at Christian Science churches next Sunday.
Readings from the Bible in the Lesson-Sermon on the subject of "God" will be following from Psalms (145:13) "Thy kingdom is an everlasting kingdom, and I thy dominion endureth throughout all generations."
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy, this selection will be read (43:8-10): "God is everywhere, and nothing is apart from him is present or absent."
The Golden Text is from Deuteronomy (11:1): "Thou shalt love the Lord thy God and keep his charge, and his statutes, and his judgments, and all his commandments, all ways."

Weren't we lucky to have such a beautiful day Saturday! Over a hundred gathered at the Wrights for the picnic. It was really difficult to recognize some of our friends. We had a delicious dinner of spareribs and one of McMenamy's with lots of good dishes prepared by our friends. Bill Bieker and two of his pals played music while we ate.
After dinner those in costume filed by the judges and 6 nice prizes were awarded. Agnes and Ginny Swift had the three "best women's outfits; Maury, Fyeh and Johnnie McEneaney had a prize. Charlie Brown was a wonderful old duffer. Following the award of prizes came some readings of exceptional poetry by June Bieker. Zella Missal read her "Ode to an Onion." Florence Flewitt "Thoughts concerning a Mouse" and June had some imitations. "Why is the Moon?" "Darkness fell, it grew very cool; and another wonderful evening came to an end."
GIL SPILLMAN has been working much too hard getting his new drug store into the tip top shape he required as was attested a week ago Friday when he had a heart seizure after reaching home. Dr. tried frantically to get a doctor of course it was Conrad who came to the rescue and got him into St. Carmel Hospital. I am happy to be able to report that he was home within a few days and, as though that was not enough, the Sunday night following the heart attack the store was broken into and robbed. We all hope for the best of luck for them in the future - they deserve it.
