Info. Building

Opens at Park

The new modern Information Building is now open at Kensington Metropolitan Park near Mill Road.

Designed to provide information and service to park visitors, the wood and stone structure has an office, restrooms, drinking fountains and a public telephone.

On Saturday, Sunday and holidays the Information Building will be in operation from 8 a.m. to 6 p.m. and Monday through Friday the hours of operation are 9 a.m. to 4:30 p.m.

The building is located in the park near the main entrance from the Grand River Expressway (U.S. 16).

Large picnic groups visiting the park are requested to inform personnel at the information building of their location in the park. This will assist other individuals and families in locating their picnic group in the 4,500-acre park.

Creamed Foods

Can Be Hazard

Creamed foods plus warm summer weather equal danger, say dietitians at The University of Michigan Medical Center.

The food specialists advise following these rules to avoid food poisoning, a constant summer-time hazard with creamed foods:

If you prepare creamed mixtures, such as cream soups, sauces, gravies and salad dressings, keep them well refrigerated.

Do not take them long distances in warm weather.
