St. Francis Council Plans Installation of Officers

St. Francis Council No. 4401, Knights of Columbus, serving the Farmington-Southfield area, will install officers September 18, in St. Michael's Parish (Southfield) social hall. District Deputy James D. Callahan will conduct the ceremony, assisted by members of the Fourth Degree Honor Guard. Reverend Basil Westendick, O.F.M., is Chaplain.

The newly-elected officers are: Nicholas J. Wyles (Southfield), Grand Knight; Cecil L. Harris (Farmington), Deputy Grand Knight; Mario G. Sorrentino (Southfield), Chancellor; Patrick L. Malloy (Southfield), Warden; William P. McGrath (Southfield), Treasurer; Leo P. Cazzola (Livonia), Recorder; Robert S. Oliver (Livonia), Secretary; Thomas C. Stuitgen (Detroit), Inside Guard; Charles R. Caldwell (Southfield) and George A. Tietjenbach (Detroit), Outside Guards.

THOMAS C. STUITGEN (Detroit) was re-appointed Financial Secretary by the Supreme Council, and Arthur DeMarco and Vernon B. Roughead, both of Southfield, were named Lecturer and General Program Chairman, respectively, by Grand Knight Wyles.

The current board of officers will have the distinction of being the first to serve in the Council's new clubhouse at 21900 Middlebelt road, Farmington, upon completion of the building in early November.

A buffet reception for the wives of the members at Northwest Sportsman's Club will follow the installation ceremonies.

The Swifts and the Dormans went up to the Swifts' cottage on Venice Lake for the Long Labor Day week end. They had a wonderful time fishing, swimming, boating—both canoe and motor—visiting and enjoying the beautiful weather. They returned Labor Day. This past week the Swifts went up for a last week end at the cottage and took advantage of the boating and fishing. They put the boats away and close the cottage for the winter. This coming Sunday Jack leaves for Lansing and his freshman year at Michigan State.

Paul King spent his three week vacation at home by working for the Midwest Tree Co. of Birmingham. Sunday he left for Lafayette, Ind. and his junior year at Purdue.

MARILYN AND JIM Brown took three other couples from Detroit to the cottage of Jim's folks at Bayview, Ontario, where they spent ten days visiting, golfing and swimming in Lake Huron.

Gary Crocker had his tonsils out last Friday at Mt. Carmel Hospital. When he is home he will be feeling just fine.

Peggy and Bernard have worked out a wonderful combination of business and pleasure—the business being their property. I'm sure all who have driven by their home on Millbrook, corner of Middlebelt, have observed at what they have already accomplished — but they aren't satisfied yet. They have found a nursery at Houghton Lake where, by digging the trees themselves, they can get a very reasonable price. They drive up over a week end.

The Golden Text is from John 6:63: "It is the spirit that quickeneth; the flesh profiteth nothing."

James Henneberger.

ARTICLES OF RELIGIOUS
and historical significance to the congregation to be placed in the cornerstone are: a copy of the Christian scriptures, the Revised Standard Version of the Old and New Testaments of the Holy Bible; a list of the Charter members; Antioch and the 174 present members; an introductory letter given by the pastor when he meets new residents; which includes a copy of the bulletin from the first service at Antioch; a Sept. 18, 1960 bulletin; a copy of a picture brochure used in the congregation's recent building fund appeal raising \$120,000; a copy of the United Lutheran Women's 1960-61 program for Antioch; and a copy of "The Lutheran" magazine of the Lutheran League of America, Antioch's youth auxiliary and a copy of "The Lutheran" official magazine of the United Lutheran Church in America.

Inscribed on Antioch's cornerstone are the words: "Christ Jesus the Chief Cornerstone of the Church." Antioch Evangelical Lutheran Church now worships in the Dunckel School on 12 Mile Road between Orchard Lake and Farmington Road, at 10:45 a.m., with Sunday Church School beginning at 9:30 a.m. For further information concerning this young but growing Lutheran congregation, call MA. 6-5550.

Rites Held for C. E. Lanning
Chester E. Lanning of 20839 Sunnydale Avenue, Farmington, passed away Monday afternoon, September 5 following an extended illness.

Mr. Lanning was born September 28, 1891 in Portland, Indiana the son of Albert and Lillian Lanning. He attended school in Portland and on March 29, 1943 was united in marriage to Florence Bell. He had lived in the Farmington area for the past twenty years.

Scottish Rite Reunion Set For 2 Weekends

The presiding officers of the Valley of Detroit have announced that the 24th Scottish Rite Reunion will take place on two successive weekends in the place of the two-week period of eight evenings formerly required.

The new schedule has been carefully planned to better serve the needs of the eleven-county area covered by the Valley of Detroit. Heretofore, many Master Masons from the various sections of the Detroit jurisdiction have been unable to devote eight evenings over a two-week period in fulfilling their desire for Scottish Rite membership.

The new timetable now offers prospective candidates the opportunity to become a "Thirty-Second Degree Master Mason" by attending four meetings on Friday evening, October 28, Saturday afternoon and evening, October 29, Friday evening, November 4 and Saturday afternoon and evening, November 5.

While time has been con-

win along the way, fill their trails with evergreen, drive home and plant them. They plan a couple more such trips before winter sets in.

THE COLLERS are having a very busy time. They have sold their home on 13 Mile and Brown and must be busy by the 21st. The Browns will probably move in the 22nd. With such a quick move required, Ed and Shirley gave up their plan to build in Meadow Lake Farms and have bought a contemporary tri-level at 25350 Horseshoe Park in Livonia. We shall miss them in Wood Creek and are glad they won't be far away.

In spite of the moving plans, they took their two week vacation at Colchester, Ontario, where they rented a cottage and enjoyed boating and swimming on Lake Erie and a fine rest.

Ed and Mildred Milton purchased a small, light but very efficient trailer in July. They drove out via route 136 (the old route No. 4) to the State of Michigan where they stayed five weeks in a trailer park. They climbed Specimen Mt., went to rodeos, took boat trips, fished, had chuck wagon dinners, had lunch at the restored ghost city, Central City, where when the big snow storm made it necessary to leave for the day, they went to Denver to shop, and had a glorious time. They returned in three days via route No. 92, which was the best for her senior year at Michigan State.

PEG NELSON is teaching 10th and 12th grade English at the Dondero High School in Royal Oak. Ginny Nelson worked for Kelly's Security Service for the past year and for most of the time she was assigned to Burroughs in their Dearborn plant. She leaves the 25th for her senior year at Michigan State.

Bob Weaver's sister, Ethel Weaver, came on from Haddenfield, N.J., to visit them. After ten days here, Ruth drove to Grand Rapids for a few days to visit her daughter, Ruth Schell, and her family. Ethel should be back home in N.J. by now.

Last Saturday was Ruth's birthday and Ruth and Bob's wedding anniversary. They spent the day in Franklin— they rode in the Round-Up parade, but went home about 5 o'clock. They found a group of Wood Creekers were there waiting to serve them a steak-cook-out dinner. During the evening they had a surprise party for Bob from friends from Buffalo, N.Y. whom they had not seen in 12 years. It seems they had just taken their wedding trip to Rome College in Holland, Mich., and were driving home via Detroit. They stopped down on Grand River and phoned the Weavers. Of course they urged them to come and spend the night with them, which they did.

Young Bob has been working at Port Huron this summer so he did not get home for his birthday on the 8th. He came home Saturday night and is returning to Eastern Michigan College where classes started today.

SUNDAY, I saw people at the new house between McDonald's and By's. Of course I stopped to greet them. My face was very red when the Kobas, Chester and Angie, said they had actually moved in May 17th. They are doing all the decorating of their home,

finishing woodwork, floors, walls with evergreen, drive home and plant them. They plan a couple more such trips before winter sets in.

telephone lines

By HUGH C. BRONAUH, Manager

BE OUR GUEST. We'd like to have you and the whole family over for a visit at our new TELEPHONE OFFICE CENTER (Southfield and Northwestern), Sunday afternoon, September 18. We've planned things for your enjoyment—movies, demonstrations, refreshments, balloons and coloring books for the kids. Among other things, you can see telephone trucks hoist men into the air, dig holes and set telephone poles. See how telephone cable is spliced. Hear how your voice sounds to others on the phone, and have our electronic computer tell you the day of the week you were born. We'll be expecting you between 1 and 5. There's plenty of parking right at our door.

EVERYONE KNOWS you can FIND IT FAST in the Yellow Pages... but you should see some of the things we find in the old, used Yellow Pages books when they're collected! Birth certificates, wills, unmailed letters, and even dollar bills have turned up, tucked in between the Yellow Pages and forgotten. So if you want a place to bury your "treasures," use the Yellow Pages... the right way! Look up Safe Deposit Boxes—or Safes—and make a prudent phone call!

One thing he does know, however, is where to get his car fixed. That buggy of his runs like a top. He gets all his repairs done at General Auto. Says anyone who doesn't isn't very smart.

... "Let's see what's being broadcast from Europe." That day may be closer than you think. Last month the Bell Laboratories' engineers succeeded in bouncing a live conversation off the new balloon satellite, Echo, and another communications frontier was opened.

The day when a whole series of balloon satellites may be spotted around the world to transmit broadcasts from continent to continent in seconds is just a little nearer.
