Margaret Elm Wed Recently

First Methodist Church of Farmington was the scene of the recent wedding of Margaret Elm to Ronald J. Gluchina, son of Rev. and Mrs. Northam officiating.

The bride is the daughter of Mr. and Mrs. James D. Elm of W. Nine Mile Road and the groom's parents are Mr. and Mrs. Carmen Giacchino of Cass Avenue.

The bride selected an ankle-length embroidered silk organza gown with a pearl crown headpiece accented by a silk illusion veil. She carried a bouquet of white orchids and staphyloids.

Mrs. James L. Miller, sister of the bride, was the maid of honor. She wore a lilac nylon street dress and carried a basket of yellow roses.

RICKI ELM, another sister of the bride, served as bridesmaid and was dressed similarly to the maid of honor. She carried a basket of pink baby roses.

Robert Johnson did the honors as best man and Dr. J. H. Johnson, the groom's cousin, served as groomsmen.

The brides wore a peacock blue silk chiffon dress with matching hat and shoes. The mother of the groom chose a dress of champagne lace over a peacock blue silk. Both mothers wore coronas of cymbidium and staphyloids.

Following the ceremony a garden reception was held at the home of the bride's parents with 20 guests in attendance.

For her wedding trip to New York and later to Traverse City the new Mrs. Gluchina wore a plaid tunic suit dress. The young couple will make their home on Meyers Road in Detroit.

What's New at the LIBRARY

BY MILDRED DROEGES

August was a pleasantly busy month this year in the library. A total of 10,496 books were checked out, an increase of 8,451 books for the same period in 1959. This represents an increase of 24 percent and is in proportion to the number of books added to the library shelves within the year.

Our first preschool story hour will be held on Tuesday, September 27th, at 10:30 a.m. The group is open to all preschoolers who are a mature enough to spend a half hour with the group, without their parents. The presence of adults in the group changes the atmosphere and partially defeats the purpose of such a group. Parents are welcome to stay within the building and browse. No advance registration of children is necessary. The story hour will start promptly at 10:30 as scheduled.

Miss Clara Shinober has joined the library staff as Assistant Librarian. Miss Shinober comes to us with high recommendations, and years of experience in other libraries. With her recent position as Branch Librarian of the Redford Branch of the Detroit Public Library.

Any adults interested in joining either a 1st or 5th Year Great Books discussion Group are asked to register at the library at their earliest opportunity. If you are telephoning your registration, please call before 3:00 p.m. as the after school rush makes it almost impossible for the staff to give detailed information over the telephone after 3 o'clock.

THE FARMINGTON Friends of the Library have made two more very welcome contributions to the library equipment. They have presented the library with a manual adding machine, and 5 fans. The fans have done an adequate job of keeping the temperature of the library at a comfortable degree for patrons and staff since their installation in July.

The League of Subdivision Book Fund Drive is still active. Saman Acres Civic Association, in co-operation with the League, presented a check for \$41.00 to the Library Book Fund this week. Any subdivision, or individual wishing to canvass an area for this Drive should contact Mr. Dwight Gordon, at GR 4-6088.

The library is a collection center for A.A.U.W. Sale items. You are urged to turn your books off in the box at the left of the entrance door. The library has first selection of these books, so your donation to the sale serves a dual purpose.

The Christmas Fair is scheduled for the first part of December.

Boxed, Frozen Potatoes Gain New Popularity

Potatoes in boxes are encouraging folks to eat more potatoes these days.

Consumers are tempted with boxes of instant mashed potatoes, hash browns, potato puffs, potato patties and au gratin and scalloped potatoes. Consumers are "sold" on frozen french fries, the most popular variety in the frozen food case.

Mary Holmes, consumer marketing information agent at Michigan State University, says: "people in the United States have been cutting down on their potato eating over the past 50 years. But new potato products may help stop this decline."

The appeal of these convenience foods is not limited to homemakers who work outside the home and look for minute-saving means. The products are just as popular with non-employed homemakers. There is a small charge for "bull-in-a-china-shop" But homemakers often find processed potatoes cost no more than fresh ones when time, energy, storage space, waste, quality of product and family preferences are considered.

Mrs. Holmes adds that all processed potatoes are not sold in small sizes. They are often found in larger sizes, often find processed potatoes cost no more than fresh ones when time, energy, storage space, waste, quality of product and family preferences are considered.
