

# CLEAN UP PAINT UP FIX UP

## Will Pick Up Cars, All Metal

The South Farmington Township Civic Association clean-up campaign is now underway. The Association has arranged with Airport Scrap at 3035 Central Ave., Detroit 9, phone VI-34721 to pick up old cars. They will pay for them for disposal and also pick up other scrap steel such as old water heaters and so on. Please call Richard Stewart, 2410 Collingham, at GR. 4-9719 and he will pick it up. For any other information about the clean-up, paint-up, fix-up campaign, please call the Chairman of the South Farmington Civic Association, Conrad Braseth, at GR. 4-0665.

Snap clothes pins make an improvised skirt or shorts hanger. Use one pin at each end of hanger to fasten garment, also one in the center.

## Full Cooperation from Everyone Is Needed

Once again, the South Farmington Township Civic Association is proud to sponsor its annual May Fix-Up, Clean-Up Campaign. This marks the third year that this annual campaign has taken place in Farmington and we sincerely hope that this year's campaign will be better and more successful than ever.

As was the case last year, the Township Board is cooperating with us by providing free pick up throughout the entire Township of combustible and arrangements have been made through our Association, for the pick up and removal of old cars and other scrap materials. This service are pointed out in

other articles in this special edition of the Enterprise. I would like to also thank the many business leaders of this community for their splendid cooperation in advertising in this special edition. It is through their cooperation that this blank coverage edition of the Enterprise is possible.

HOWEVER, despite the efforts of our Association and others who make this third annual campaign a success, the real success or failure lies with the citizens of our community. Only through the efforts of each of us to put his own property in order can this campaign achieve its goal.

Throughout this special section you will find many helpful suggestions on how to improve the appearance of your home, and by so doing, improve the appearance of your entire neighborhood. If each and every one of us only exerts a little effort around the yard, there is no doubt that this would be the most successful campaign yet.

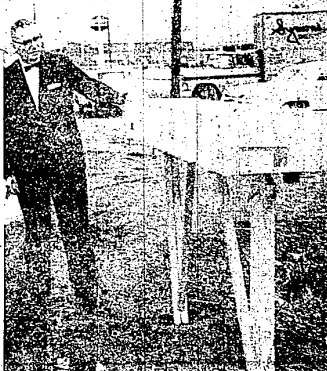

This Clean Up Campaign is only one of the many achievements of the South Farmington Township Civic Association. Representing home owners in the southern section of Farmington Township, we strive to improve our community by open discussion of community problems and by calling these problems to the attention of the officials of our Township. We believe that only an informed and aroused citizenry can improve our community and that apathy and disinterest are our biggest enemies.

AS PRESIDENT of this Association, I wish to extend an invitation to all who are interested to attend our meetings which are held on the third Thursday of each month at 8 p.m. at the Wheeler Street Fire Hall. Come out and tell us of your problems, and by working together with your neighbors, help to correct these problems.

For further information concerning our Association, please feel free to call me at GR. 6-3551, or contact our membership chairman, Miss Dorothy Neal at GR. 4-3915. Stuart D. Orman, President

MAIL BOXES LIKE THE ONE pictured above facing away from the road don't help the Farmington Post Office provide residents with the quickest and most efficient service. Fortunately there are few such cases in the community where mail boxes have raised serious problems to affect mail delivery.

FARMINGTON POSTMASTER Henry Trombley looks approvingly at this row of mail boxes lined up along Farmington Road just south of Nine Mile. It is a case where residents have done a good job to help the Post Office in their mail delivery, according to Trombley.

## Suggestions for Good Clean-Up In Community

The fix-up sub-committee of the South Farmington Township Civic Association's May Clean-Up Campaign Committee have made several suggestions to residents as what jobs they should strive to get done during the month of the campaign.

These are the suggestions:

1. All drainage ditches in front of residents' homes should be cleaned of refuse and then kept that way.
  2. Fences should be painted and repaired.
  3. Broken glass in any windows in the house or in auxiliary building should be replaced. Most home insurance policies provide for glass breakage, they are pointed out.
  4. The exterior of homes and auxiliary buildings should be painted if necessary.
  5. Unwanted bushes or other growth should be trimmed or removed from around fence rows or on other parts of your property.
  6. Eaves-troughs, mail boxes and rubbish and garbage containers should be painted and repaired or replaced.
  7. Adjacent vacant lots should be policed and unsightly growth or trash removed since the poor appearance of adjoining property detracts from the beauty of the whole neighborhood.
- An empty 100 lb. paper salt bag is a convenient container to collect trash in. Trash may be collected in-doors, then placed into the trash can. This keeps discarded papers from blowing away; when filling trash cans out of doors.
- Wrap paint brushes in stiff paper immediately after cleaning. Crease paper over at the end to maintain a sharp edge on the bristle, and tie.
