School to Get 'Magic Square'

The way was cleared Monday night for the development of a multiple-use recreational center at the Flanders elementary school site in the south-central portion of the community.

A blacktopped area will be set up

in such a way as to allow both youngster and adult recreation activities. There will be tennis courts, basketball back-boards, areas marked off for shuffleboard and provisions made so that the area can be flooded and used as a skating rink in the winter.

Lighting will be installed to permit night dancing and other nighttime activities.

The city will stand the cost of providing the "magic square" on school property.

The only concern the School Board expressed prior to taking its approving action was with regard to whether or not the city had adequate liability insurance to cover any accidents that might occur at this location.

Safe Cracked At Associates Loan Company

The Farmington City Police Department received a report Monday morning, July 1, that burglars had broken into the Associates Loan Company, 23347 Farmington Road, in the Down town Farmington Center, and escaped with \$165 in small bills from the safe.

The money was taken from a safe which was cracked open by the burglars.

The money was taken from a safe which was cracked open by the burglars. The break-in occurred sometime between Friday evening, June 28, and early Monday, July 1.

Barber Shop Hours

A proposed ordinance to control the hours a barber shop can be open within the City limits of Farmington was tabled indefinitely by the Council upon the recommendation of Councilman Hugo Peterson, at the regular Council meeting Monday night, July 1.

The largest ballroom and banquet facilities of any hotel in the world can be found in The New York Hilton at Rockefeller Center.

Will Continue School Use of Television

Continuation of the use of television in school training in the Farmington public school system on an experimental basis is the same as last year was recommended by the administration and approved by action of the Board of Education Monday night.

The Board authorized an expenditure of \$500 to continue the airborne television use experimental program at Ten Mile School.

The program is designed to train outliners and other helpful data in advance. Supt. G. V. Harrison informed the Board.

Need Only 3 Teachers Now

Four down and three to go. This was the report given to the Board of Education Monday night by Margie VanAmeyde, assistant superintendent in charge of personnel, on needs to fill out the teaching staff in the Farmington public schools for the start of the 1963-64 school year.

The four new teachers he recommended that the Board hire were needed.

VanAmeyde emphasized that only fully qualified teachers with college degrees will be considered for these remaining jobs.
