Goodwill Industries, from Detroit, are still collecting house hold discards in the Farmington and West Point Park area every Tuesday and Wednesday. To arrange for a pick-up call Miss Lora Ault, GR. 4-4284.

War is little more than a catalogue of mistakes and misfortunes.

—Winston S. Churchill

GRAND PRIZE WINNER at First Farmington Savings and Loan's Grand Opening celebration this month was Mrs. Margaret Lapham, shown above being assisted by First Farmington President, Arthur J. Primm, into her main store prize. Mayor Robert Lindert (L) drew out the names

of the prize winners as the Open House crowd looked on with others in the picture (L to R) Harry Lapham (second from left) and T. Vance Keggen and Morris Lawson, both members of the First Farmington Savings and Loan Association Board of Directors.

## Mink Stole, 12 Other Prizes Won at 1st Farmington Savings

The month-long Grand Open House at First Farmington Savings and Loan, between May and June, was climaxized last week when Farmington Mayor Robert Lindert drew the names of the following winners in the Treasure Chest contest. The Grand Prize of a mink stole went to Mrs. Margaret Lapham of 22655 Brookdale in Farmington. First Farmington Savings and Loan President Arthur J. Primm presented Mrs. Lapham her seal as a lucky winner, looked on at the drawing held Monday, July 15, in the beautiful and spacious lobby at First Farmington Savings and Loan.

A SILVER SERVICE was won by Mrs. Esther Rystrand of 28376 Green Willow Road. Lester A. Morrison of 3305 Nine Mile Road, won a beautiful set of flat silverware.

The bonanza of prizes included ten silver beverage pitchers which went to Carl I.

## D. L. McLellan Is AMC Mgr.

Appointment of Dayton L. McLellan as automotive service manager, American Motors Corporation, was announced recently by Thomas A. Cope, automotive sales vice-president.

McLellan succeeds C. M. Tillingshast, who resigned to become a Rambler dealer in Sarasota, Florida.

McLellan, assistant service manager since 1959, joined the company in 1946 in service promotion. He later served as assistant service manager and as assistant parts and service merchandising manager.

He entered the automobile business with Ford Company as a trainee in 1934. A native of Toledo, he attended Wayne State University.

He and his wife Shirley, reside at 30226 Pipers Lane, Farmington. Their son, Donald, is serving in the U. S. Navy.

The food processing plant today does not resemble the plant of 10 years ago. Product research and equipment development group, constantly on new methods to make plants more efficient. In 1962 one large processor reported approximately 500 changes in formulas and procedures in their food processing plants. Each change meant a better formulation, an improved ingredient or a better process.

A pleasant By-Way of life from this area is the birth of M-59, the northernmost of Michigan's state roads. The northernmost place of Michigan's state roads is the birthplace of Michigan's public school system. The original public school system is the result of the efforts of the state legislature to provide a stopping place of historical significance.

North of M-59 is Oliver H. Honouli House, now a public attraction offered by the city of North of M-59. The Honouli House is the birthplace of Michigan's public school system. The original public school system is the result of the efforts of the state legislature to provide a stopping place of historical significance.

The original public school system is the result of the efforts of the state legislature to provide a stopping place of historical significance.

A sampling of this lake country can be had by driving south from Hasting on M-43 toward Kalamazoo, to the Kellogg Beach Sanctuary on Wintergreen Lake, and the JESU Beach, a station on Gull Lake. Farther south, on M-59, in August, some of the

barn theater, oldest of the barns' summer theaters, is about 3 hours, but there are days full of pleasure to be found in the triangle created by these 3 ways in southern Michigan.

We'll begin at the eastern corner of the triangle and go west, starting with one of the most popular places to visit.

On May 19, Henry Ford Museum and Greenfield Village, here just off I-94 in Dearborn, is the nation's number one collection of Americana.

Sprawling to the north and west is a lengthy complex of parks along the base of the Huron River, from Jersey E.

Like many state trunklines, abandoned for the I-ways, old US-12 offers pleasant country touring west through Paw Paw, center of the lush Michigan vineyard country, and Hartland, US-12, is Coloma, a popular antiques center.

From Coloma, we move northward on US-31 along the dune-filled shoreline of Lake Michigan, passing the famed Palisades Park and into South Haven, a famous resort.

South, stretching the northern end of the peach-growing belt that extends south to the end of the lake.

Northward, still on US-31, we find Saugatuck and Douglas, on Kalamazoo River, at the head of the Grand Traverse Bay. An annual yacht race helps live things, and paddlewheel boats offer trips upstream. Several art schools and a summer stock theater call Saugatuck.

Onland, M-59 is Allegan, a quiet, historic town, the home of the Davis of General B. B. Pritchard, captain of Jefferson Davis. The city will hold its centennial celebration July 20.

East of the city is the huge Allegan State Forest, an area of hiking trails, campgrounds and a variety of outdoor activities. The Swan Creek Wilderness Sanctuary is at Allegan.

Seventeen miles north of Saugatuck on US-31 is Holland, especially famous for its Tulip Festival each May, which stresses its Dutch heritage and traditions.

The city is located on the shore of Lake Michigan, where excursion boat rides with yachting, Ottawa Park, where the smaller lake empties into Lake Michigan, is second only to Grand Haven in state park attendance. A short way east on M-21 is Zealand,

## Travelers Aid Society Serves Our Motorists

The kinds of trouble a person can get into when traveling can be imagined high in the number of its residents who sought help when they got into trouble away from home.

The state of Michigan like

California, has more

travelers than any other state in the country, and the number of people traveling on highways, planes, buses, trains, and boats, and brings more trouble for people away from home.

Travelers Aid helps people away from home and trouble without charge. This trouble may be lost children, lack of funds, handicapped persons, loss of wallet, lost address, language difficulty, or any one of a thousand other unpleasant developments which may befall the traveler.

During the past year, nearly a million travelers were helped by Travelers Aid societies when they got into trouble away from home. Of these, 200 Farmington residents who were helped by the Detroit Travelers Aid Society.

To be on the safe side, Travelers Aid suggests the following steps:

1. Plan your trip in advance. Know about change over points and make sure your schedule allows for comfortable change.

2. Have identification with you, both photo and name and address of place of luggage.

3. Make sure the hotel, friends, or relatives with whom you are planning to stay are expecting you — and at a definite date and time.

4. If you are expecting to be met, specify what station you will be arriving at.

5. Bear in mind the time zone changes as you travel across country.

6. Take more money than you expect to need, and don't keep it all in one place.

7. Don't overpack. Take only what you will need. You may need to handle your own luggage.

8. Tell at least one close friend where you are going; it may be necessary to reach you with a neighbor who may contact your home.

9. If you were recently ill, or suffer from a chronic condition, ask your doctor if the trip is safe; carry an extra prescription if you depend on medicine.

10. When traveling with children, always keep a first aid kit containing thermometer, bandages, antiseptic and salve and take a few simple non-bulky toys.

11. If you depend on glasses, carry an extra pair with you.

12. If something goes wrong, despite your planning, always take a few extra days to get in touch with Travelers Aid.

FOLLOWING THESE precautions won't entirely eliminate the possibility of trouble while traveling, but the results of possible trouble will be minimized.

A nationwide study by Travelers Aid Societies in all parts of the country showed that more people from within the corporate limits of the city of Detroit are served by Travelers Aid than people from any other city.

The total Detroiters was 29,615, compared with 29,195 from New York City, 24,455 from Chicago, and 20,445 from Los

Angles.
