Qualifies for Overseas Trip
Cliff Burk, a senior attending North Farmington, has qualified in a program sponsored by the Civil Air Patrol to travel overseas this summer in a foreign exchange program.

In order to qualify Cliff was required to take many courses at the Civil Air Patrol meeting and ultimately receives a Certificate of Proficiency, similar to a high school diploma, allowing him many rights and privileges.

On January 4, Cliff, along with fifty other students from Michigan, went to the Sault Air Force Base to take a series of drills and screen tests. Six of the fifty students would qualify to travel abroad, Cliff was one of these six.

Cliff took an extensive two-hour physical for a final check to see if he is fit to travel. The results of the test will be the final deciding factor for his participation in the program.

On passing the physical Cliff will travel to a country designated by the Air Force, who is paying all costs of the trip. Cliff will stay with different families and in hotels for about four weeks. Then he will return to America and tell all his previous friends about his trip. —Dave Thomas
