Oliver Schreiner under the pen name of Ralph Iron wrote, "At last they come to where Reflection sits—that strange old woman, who had always on her chin in her hand, and who steals light out of the past to shed it on the future."

Our reflections start in January 1961.

A new Girl Scout troop was organized under the leadership of Mrs. Mary Warner and Mrs. Betty Noren, Troop 49; Miss Linda Newman was interviewed for the first column; Carol Vickland was born on December 2, 1960; January 14, Elaine and Joe Seltroff flew to Scottsdale, Arizona; March of the year the Westbrooke Ladies Sitting Club celebrated their third successful year; a little insight into the lives of people of Buenos Aires, Argentina was given to us by Dr. Bill Gray; a houseguest of Ernie and Eve Meyers, Mr. and Mrs. George Christopher of Arandel held a "Roarin' Twenties Party."

MARY JO AND Bud Monger, now living in Grand Rapids were interviewed; among those interviewed as new residents were Hugh and Eileen Pedder, Hector and Helen Simons; Ruth Swanson celebrated her 4th birthday with a party; a St. Patrick's Day party at the Seltroff home followed the regular Friday Nighters Bowling; Brooke Ellen Orrman made her entrance into the world at a.m. St. Patrick's Day; a Progressive Dinner Party caused the participants to dodge the raindrops; on April 15, 200 boys answered the call to "play ball" by signing up at Bona School; an interview with Nor-

ma McCall took us to many places around the world; a little league Fashion show-coffee dessert was attended by 300.

VIRGIL AND HELEN Stock and family moved in this year. Robert Orman was elected President of the Westbrooke Manor Association; then of course in May the first dinner-dance at Orchard Lake Country Club; Certificates of 12 weeks of classwork in a Civil Defense Program was awarded to Betty Hales, Jean Laajala, Janet Ralph, Eugenia Drapalski, Berna Ellis, Mary Lou Currie, and Mary Plummer. Sandra Kay Richards was born May 11; September 23 offered another delightful evening at Orchard Lake Country Club.

Chuck and Betty Heath moved in September 13 from Harper Woods; the initial meeting of the Oakland County Branch of the Michigan State Economies Extension Group met at the home of Mrs. Calvin Kirk; Christmas parties at the homes of Len and Rose Maender, Martha Keegan, Larry and Patricia Sharp, Dick and Audrey Perry moved to Plainfield, New Jersey.

Westbrooke Ladies answered the call to March of Dimes; early in January Betty and Jack Noren were soaking up the sun in Miami; another Dance Group was organized. Jill Kuljawa's Accordionists performed for the Girl Scout 50th; Charles Kaparous celebrated his 6th birthday; lunching at the Gaslight and viewing the Junior League Fashion Show; a New Year's Eve party; and Nan Pissfield and Nan McDavid.

well parties to the Boh Everts family; a 10th year birthday party for Elaine Hodkowski; Babe and Mary Stevens spent Thanksgiving in Florida; and that brings us to Christmas 1963.

AS THE SONG goes: I've around and hung around, this old column too long, summer's almost gone and winter's comin' on, now it's time that I gotta travel on. It is said also that "Man's Memory is his one real possession, in nothing else he is so rich, and in nothing else he is so poor."

All the reflections you have read in this column have given me a great deal of richness in memory, and I hope for all of you. My best wishes go to anyone who picks up the writings of the Westbrooke News, in the New Year. Yes... "1964, that mystic year that for you waits, beyond tomorrow's open gates."

Michigan is an industrial giant, ranking 2nd among the 14 leading industrial states in productivity as measured by value added per employee and ranking third by value added per man hour.

"Advocates of the absurd '35-hour week' would be hard to find if it actually meant only 35 hours of work per week—with no overtime hours at premium rates." — J. D. Blizard, Dillon (S.C.) Herald.

Law Controls Employment of State's Minors

If your Janie or Johnny is working or intends to work in the near future here are some guidelines for you parents.

Michigan law regulates the employment of minors, who work in any gainful employment from age 14 to 18 years. The minimum age for legal employment in Michigan is 14 years. Employers who employ minors must obtain an approval of occupation from the Department of Labor, together with a work permit from the Board of Education, for each minor employed. The local school issues the permit to the minor; if his school record justifies the issuance of such a permit.

Certain endeavors are exempted from coverage of the law, such as soliciting subscriptions, sale of newspapers, domestic and farm work, employment in businesses which are owned and operated by a parent, camp employment for a nonprofit corporation during vacation periods, and employment by colleges as part of an educational program.

THE LAW PROVIDES for an average 8-hour day 5 days a week with a maximum combined school and work week of 18 hours. Minors between the age of 14 to 15 years old may work between the hours of 7 a.m. and 9 p.m.; minors between the age of 16 to 17 years old between the hours of 6 a.m. and 10 p.m.; female minors in manufacturing establishments between 6 a.m. and 6 p.m.

Michigan law provides that certain occupations are so injurious to health or morals or so unduly hazardous that minors under the age of 18 years cannot be employed in these endeavors. The Michigan State Department of Labor should be contacted if any questions arise.

In addition to the Michigan statute regulating the employment of minors, the Federal Fair Labor Standards Act regulates employers engaged in interstate commerce and sets forth many conditions regarding the employment of minors. This may be checked with the U. S. Department of Labor.

Michigan has pioneered in the development and use of heavy motorized equipment for fighting forest fires. The Federal government and other states are now using ideas developed at the experiment station near Roscommon, only one of its kind in the nation.
