Christian Science Sermon Topic Set

The Sermon on the Mount will be taken up section by section in the Bible Lesson on "Love" at Christian Science churches throughout the world on Sunday.

The Golden Text is from I Thes. 4: "Ye yourselves are taught of God to love one another."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include this statement: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good" (p. 518).

John A. Linderman to Receive Degree from GM Institute

John A. Linderman of 32348 Nottingwood Drive in Farmington will receive a bachelor's degree from General Motors Institute at commencement exercises Friday evening, July 31, in the IMA Auditorium in Flint, Michigan.

A total of 380 Bachelor's degrees in Mechanical, Industrial and Electrical Engineering will be granted. Thirty-five General Motors Overseas Scholarship students will receive certificates for having completed a special two-year cooperative program, and approximately 182 graduates of the Class of '54 will receive 10-year graduate keys in recognition of high performance on the job that has warranted recommendations by their divisions for the honor.

THE CEREMONIES will mark the 37th commencement for General Motors Institute, an accredited college which provides General Motors with about 25 per cent of its engineers. The student body of 2,500 is made up of topflight high school graduates selected by GM plants for appointment to Cooperative Programs in either Mechanical, Industrial, or Electrical Engineering. For four years students alternate between periods of academic education in the classrooms and laboratories at the Institute and coordinated work experience at their plants. Qualification for a Bachelor's degree requires successful completion of a fifth-year phase of the program provided to meet the varying needs and situations of the students and the sponsoring units. Of the nearly 8,000 graduates of GMI, about two-thirds have remained with General Motors.

More than 4,000 alumni, relatives and friends of graduates from across the country, and some from foreign countries, are expected to attend the exercises. Commencement week activities begin Thursday, July 30, with an all-day conference for GM Training Directors. Harry F. Barr, GM vice president in charge of engineering staff, will be the principal luncheon speaker. Friday, plant representatives, including the coordinators of GMI cooperative engineering students, will have an all-day coordination conference. Harold G. Warner, a 1932 graduate, general manager of Cadillac Motor Division, and GM vice president will speak at the luncheon.

BACCALAUREATE services are scheduled for 1:30 p.m., July 31, in the GMI auditorium, and an Open House and Reception will be held afterwards in the gymnasium for graduates and their families and friends, by the faculty and plant representatives.

The 26th Annual Alumni Day will be Saturday, August 1. Clifford Gangnath of the GMI class of 1939 and superintendent of quality control at AC Spark Plug Division, is chairman of the activities which will feature a noon luncheon at the Institute. Dr. B. Paul Blasingame, Manager of AC Spark Plug Division in Milwaukee, will make the principal luncheon address. Technical and non-technical Seminars for alumni also will be held Saturday. Reunion dinners in the evening are scheduled for returning members of classes: '29, '34, '39, '44, '49, '54, and '59. The annual Graduate-Alumni dance on Saturday evening at the IMA Auditorium will complete Alumni Day activities.

Attends MSU Homemakers Conference

Mrs. W. P. Gobeille of 32260 Farmersville Rd. was at Michigan State University this week to attend the 37th annual MSU Homemakers' Conference, "College Week for Women," (July 21-24).

Some 1,000 women from throughout the state attend this event, which provides classes and general sessions to help homemakers improve the quality of living in the home, the community and the world.

While in East Lansing, Mrs. Gobeille had a chance to hear Michigan's First Lady, Mrs. George Romney, as she discussed "Building Stronger Families." Keynoter for the three-day conference was Mrs. Margaret Browne, director of home economics for the Federal Extension Service. Mrs. Browne, a native of Cadillac, Mich., talked on "Modern Dimensions in Family Living Education" Tuesday afternoon.

MRS. GOBEILLE is attending sets of three classes on two subjects: Modern Mathematics and Modern Literature.

College Week is sponsored by the MSU Cooperative Extension Service along with the MSU Continuing Education Service and the Michigan Home Economics Extension Council.
