

# The REASON Why FOUNDERS' Festivals Are Held

## PROGRESS

America has come a long way...from the log cabin to the skyscraper...from the covered wagon to the jet plane...from the hand plow to atomic energy.

The road has never been easy, but it has always been clearly marked...its milestones, the basic rights on which this nation was founded and by which it has lived and grown strong. The right of every man to determine for himself, the course his life shall follow. The right to choose his own work or to build his own business. The right to go as far as his own ability will take him in the direction of his choosing... the right to compete

freely with his fellows in the achievement of his objective.

It is these rights that spur each man to create and produce to the limits of his capacity...that prompt each business to give its customers more for less. It is these rights that have made America's might.

With pride we look back at our past. With confidence we look to the future and all that lies ahead. Holding resolutely to a way of life so critically tested, so conclusively proved... we shall continue our forward march to a better life for all.
