In Michigan, after golf beer's the one... for good taste, good fun

After a hard-played 18 holes, it's good to settle down on a soft chair in the club house and add up the score with friends. What better time for the drink that scores with almost every golfer—cool, thirst-quenching beer? Yes, beer's great to relax with, great for refreshment, great for taste. So whatever your sport—boating or baseball—swimming or tennis—relax afterwards with the zestful taste of beer.

PTA Re-emphasizes Goals For Oct. Enrollment Month

"An invitation to the Nation—join the PTA." At a Board meeting of the Farmington Council of PTA's held on Tuesday, October 5, at the Farmington Junior High School, President Lorraine Le Gros announced that at once again Governor George Romney has signed a proclamation setting aside the month of October as the PTA Enrollment Month.

"The fictionalized version of a PTA member as presented in magazines, newspapers, on TV and in comedians' routines seems to have become a national image," a spokesman said. "Enrollment month is as good a time as any to clarify the objects of the PTA. It is not a status seeking organization, it is the all-important issue."

"MRS. MILDRED Droege, head librarian of the Farmington District Library, says that many National PTA Publications have been placed on the open shelves and have had good circulation. Never before has it been so imperative that the purpose and aims of the National Congress of Parents and Teachers be clearly understood by the public at large. There is no better way for the thinking person to avail himself of this information than through the public library."

Lorraine Le Gros announced too, that Mrs. William Montgomery, 1964-1965 Regional Vice-President, and present Chairman of the Parent-Teacher Leadership Training Program, will speak at the October 20 meeting. Her topic will be on Parliamentary Procedure. Mrs. Le Gros urges all to attend and to join the approximately 400,000 Michigan members—join the PTA.

and women from business, the home, the professions, and labor and industry serving as presidents of local PTA units. Of 2100 presidents in Michigan, 918 are men. These people do not need PTA to further their interests. They are usually well established on their own before ever joining the unit or council.

"Local, state, and national groups have a common goal of supporting the annual Parent Education Institute, the giving of scholarships, the fluoride program, young peoples' concerts, and to keep tabs on legislation. The PTA works together to secure adequate laws for the care and protection of children and youth. The child is the all-important issue."

"The PTA has been criticized as a 'do nothing' group who meet once a month, chat a few moments, mouth polite nothings and return home feeling a noble sense of having done what was expected. This may be true in some instances. However, the over-all picture of the PTA is an excellent one."

"IT IS A SERIOUS, thinking organization dedicated to a program to help parents and educators meet on a common ground of understanding for the good of the child."

It has also been said the PTA is used for business contacts or for social standing. It must be admitted that these things too, do occur. Nevertheless, there are busy men

Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this 1966 Riviera Gran Sport.

You know how well your car's engine runs after a tuneup? Buick tuning has the same effect on the whole car. Not just the engine. The whole Buick. Everything blends with everything else. Styling. Performance. Ride. Handling. All tuned to work together in harmony. That's what the tuned car is. A Buick. Only Buick is the masterful blending of all the things that make a great car greater. The Riviera for 1966 is the tuned car. It features six-passenger seating, disappearing headlights, a silently efficient new ventilation system and the kind of roadworthiness you'd expect in a car that costs twice as much. (You can get a Riviera for your desk as well as your garage. Send \$1 in check or money order to Riviera, P.O. Box 68, Troy, Mich., for an accurate 1/25 scale model '66 Riviera.) But Riviera's not the only tuned car. LeSabre is, too. And Wildcat. Electra 225. Special. Skylark. Sportwagon. See them all at your Buick dealer's. The tuned car may not mean much to you now. But then you haven't had a chance to drive one yet.

Wouldn't you really rather have a Buick?

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.
