THE 1966 OLDSMOBILE TORONADO, with front-wheel drive, is the most unique automobile in many years. A six-passenger hard-top coupe, it is available in a standard or deluxe model. Driving traction and handling under every conceivable road condition are only two of the outstanding characteristics of this car. In styling, too, the Toronado is distinctive and unique. A specially-modified 425-cubic-inch Toronado V-8 and Turbo Hydramatic transmission deliver power to the front wheels. Inside, the Toronado provides full 6-passenger spaciousness, and features a flat floor. Now on display at Pioneer Oldsmobile in Farmington.
