Another year has started and I hope you all find it filled with good things coming your way. This columnist ended the year with a car accident. The car will never be the same and yours truly is still sore.

A New Year's card bought the and news that Phil Sills of 23854 Beacon Drive, Farmington, has been hospitalized in Sinai Hospital following a heart attack.

Phil and his wife, Faye, have been so active helping the retarded children at the Plymouth State Home. Each year Phil has played Santa at the home and Faye has spent many hours at a table at the Farmington Savings and Loan Building to raise money for the children's Christmas presents.

In addition, both of the Sills spent a long day and evening trimming the trees at the home and hiding candy for the children to find.

While Phil is in the hospital Faye is staying with her daughter, Marion Parrel, in Huntington Woods.

Cappy Goltz tells us that her son is seriously ill also and will be out of school for an indefinite time.

Cathleen Callahan became a Brownie of Troop 127 at her very own "Brownie Land Magic Forest Fantasy" on Jan. 3.

On Dec. 22 the Brownies of Troops 127 and 327 went to the Kendallview Convalescent Home to sing Christmas Carols. They sang a total of 15 carols, which

School Board Okays Nankin Housing

The Wayne Board of Education has voted not to object to a housing project on Palmer between Edwin and John Hill Rd. in Nankin Township.

The Board reviewed site plans submitted by Hy Simon to the Nankin Planning Commission for preliminary approval for the proposed Philip Judson Garden-West Subdivision.

The project includes 237 lots and involves approximately 68 acres.

After giving approval, school board members submitted four factors which would effect the proposed subdivision.

Wayne Supt. of Schools Dr. Clarence Hinchey stated an elementary school site is needed which would be common to Philip Judson Garden-West, Carlton Village Sub. and Surrey Heights Sub.

Hinchey also noted that an egress should be provided from the southwest corner of the subdivision to Palmer Rd. This is necessitated by a 1,200 capacity junior high schedules for completion by Sept., 1967, immediately south of Palmer to the west.

"Since this subdivision is landlocked to some extent," says Hinchey, "there will be a problem with sidewalks for school children."

Hinchey also suggested increasing the width of lots to help provide a diversification of types of housing in the area.

IDEAL FOR REMODELING...REDECORATING...NEW HOMES

COVER UNSIGHTLY PIPES • DUCTS • WIRING	CONVERT YOUR ATTIC OR GARAGE	LOWER HIGH CEILINGS	MODERN RECESSED LIGHTING
--	------------------------------	---------------------	--------------------------

Give your basement rooms new smartness and beauty with an Armstrong Suspended Ceiling.

Here's the easy way to finish off any area that needs a smart ceiling. Perfect for add-on rooms.

Give old-fashioned high ceilings a new lower, modern look. Does away with hard-to-install wood framing.

Just install a light above and insert an Armstrong mist white or clear prismatoluminous panel.

ONLY 4 EASY STEPS TO INSTALL IT YOURSELF

- Determine proper ceiling height and install molding to all four walls, keeping molding level.
- Attach wire (or hanger straps) to existing ceiling structures and fasten to main runners spaced 48" on center.
- Attach cross tees to main runners at 24" intervals. Merely insert tabs of cross tees into pre-punched main runners. (For 24" x 24" panels, 24" cross tees should be attached to 48" cross tees at mid-point.)
- Set ceiling panels into grid.
