Sears

introducing Sears exclusive new MANTILLA COLLECTION

a romantic echo of old Spain

The splendor of Spain, recaptured by Sears in this magnificent new collection. Here is the bold beauty of hand carved wood panels... the delicate tracery of lattice work... the rich warmth of subtly antiqued woods. And the cabinetwork is truly superb. Costly pearly veneers and oak solids are hand rubbed to a mellow luster and then enriched by heavy Moorish-inspired hardware. The luxurious upholstered pieces are cushioned in foam latex and lavishly covered in striking decorator fabrics. The result? Furniture of rare and timeless beauty, perfect for every room in your home. Come, admire the complete Mantilla collection at Sears. Our modest prices will surprise and delight you.
