

**Seeks 4-Year Trustee Terms**  
Senator Terry L. Trout (D-Romulus) today praised the fast action of the Senate Elections Committee in reporting out a bill that will give all township officials four-year terms.  
"This is the recognition that townships deserve," Trout said. "The township is the cornerstone of our democratic government. But townships were apparently left out in the cold by the new Michigan Constitution."  
"My amendment to Senate Bill 732 will correct this omission. It will begin to have an effect immediately with the extension of terms of office of township trustees elected in 1964 until Jan. 1, 1969."

### Vivian Asks Report on UFO Probe

U. S. Representative Weston W. Vivian on Saturday asked a panel of U. S. scientists to be appointed by the Congress to re-examine all recent unexplained flying object data currently held by the U. S. Air Force, to review the Air Force's procedures for interpreting these data, and to make a public report of their findings.  
Vivian proposed this course as an alternate to investigation by a Congressional committee. He said that he had indicated this preference to Chairman George P. Miller of the House Science and Astronautics Committee, on which Vivian also serves.  
"There are several reasons why the panel of scientists on this investigation report better than a Congressional committee," Vivian, the only Ph. D. scientist in the U. S. Congress, stated.  
"The phenomena being reported are best interpreted and evaluated by trained, professional scientists. They require time for detailed examination of the reports and situation. And such a review, by an appointed panel, would be far less likely to degenerate into a 'circus', than would a committee investigation besieged by reporters and their fans."  
"Personally, I am unconvinced, thus far, that there are any exotic explanations to be taught to the public."  
"But quite a number of capable, intelligent and reliable individuals, in my own District and elsewhere, are anxious to receive a more complete report on the status of UFO investigations," Vivian concluded.

One can usually see him sitting among the children helping them carry the beat. Leader of a professional band, he lends encouragement to these students who can swing out with most any tune.

Wayne State University's oldest football rival is nearby Eastern Michigan University, the two teams having met 25 times prior to this year's battle.

### Council Studies Land Offer from Bud Gould

Termed "apparently a fine offer" by City Commissioner George Hudson, a proposal by Loren W. Gould, to dedicate an eight foot depth of frontage on his property at 637 S. Main St., Plymouth to the city in trade for any assessments due to widening of streets of Main St. in the next five years, was taken under consideration by the Commission at its meeting Monday.

Gould, who is planning a remodeling project for the building at that address will move the present structure back, thus creating the front feet that he wants to trade to the city for the tax promise.

In a letter to the Commission, Gould said "It is our understanding that Main Street widening is planned in the near future." His proposal would save the city possible expenses in condemnation, acquisition and removal.

The Commissioners voted 7-0 to acknowledge the letter and take the matter under consideration.

Dave Campbell, listed on the Detroit Tigers' spring roster as a first baseman, also played the three other infield positions and the outfield in the minors.

### School Draftsmen Win in Livonia

Livonia High Schools, Franklin and Bentley, dominated the winners' circle of 45 students in the seventh annual American Society of Body Engineers Drafting Contest.

Bentley's Ralph Bais's drawing was rated No. one by a panel of judges, comprised of body-engineering checkers from Ford, Chrysler, General Motors and American Motors after the group went over 375 drawings submitted by students from 43 high schools in the Detroit and suburban areas.

Bais resides at 1527 Ellen Drive in Livonia. Only five schools had winners in the select 25 groups.

Franklin High led with 11 winners, Bentley had 6, Pontiac Central had 4, Detroit's Cody showed 3, and Northern High of Pontiac had 1.

The 25 winners were guests of the ASBE at a banquet at the Rackham Memorial Building in Detroit and listened to an address by Larry Nagler of the American Motors engineering staff, who talked on "Body Design for Safety."

The Livonia list includes: Bentley — (1) Ralph Bais, 15027 Ellen Dr.; (3) Jack Nickels, 34151 Schoolcraft; (4) Mike Proctor, 14328 Bridgeway; (12) Carl Wallis, 35111, 8 Mile; (14) David Segasser, 15020 Nola; (23) Pat McGhie, 31768 Middlebrook.

### Rites Held Saturday for Mrs. Richwine

Services were conducted Saturday in the Schrader Funeral Home for Mrs. Mary Richwine, 41701 Wilcox Road, Plymouth, prominent in community, Masonic, business and club circles, with burial in Riverside Cemetery. The services were in charge of Rev. Hugh White and assistant, Rev. Peter Schweitzer, of the First Methodist Church.

Mrs. Richwine, wife of Perry Richwine, district governor of Rotary, and long one of the area's most prominent bankers, businessmen and lawyers, died at her home on March 30 following an illness of several months.

The illness kept her from attending last week's district conference of area Rotary Clubs where her husband was honored as district governor and for one of area's outstanding service as a Rotarian.

Mrs. Richwine spent the greater part of her life in the community and served as her husband's secretary for years in his bank and law offices. She was stricken with her fatal illness several months ago but her condition didn't become critical until shortly after the start of the new year. Since her condition gradually worsened until her death early on the morning of March 30.

Surviving are: her husband, Perry; three daughters, Mrs. Dorothy Jean Smith of Plymouth, Mrs. Betty Jane Gondek of Northville and Mrs. Mary Louise Richwine of Petoskey; and six grandchildren.
