

## Superior Quits in Township

(Continued from Page 1)  
last year the Township had agreed to pay Superior \$200 as payment for some of the uncollected bills and added that the company had requested \$3,600 for this year. A committee was appointed, "he asserted," "and it was my understanding that a mutual agreement to pay \$1,200 for the year had been agreed upon."

Just last meeting the Board agreed to pay 50 percent of uncollected bills for last year which total \$1,229. We did this even though no member of the Board felt that there was legal obligation to pay the bills, but to provide for this service to the residents of the Township.

Price of 22341 Frederick. Sponsoring the Detroit Tigers, the 11th man unit will be known as the "Tiger" Company throughout basic training.

## No Politics in School

(Continued from Page 1)

school board attorney, Robert Kelley, several members of the Board felt that it would not be wise to stage any type of political function which would be open to the general public on their property.

The vote to reject MacLellan's request came only after considerable discussion. Some Board members appeared to see nothing wrong with such a function stating that he would be paying rent and that it has been their policy to rent rooms to political groups.

Other Board members strongly opposed the school district in any way having anything to do with politics.

When the Board members lined up, "No" came from Richard Peters, George Ott and Herbert Neal, Leelan Clifford, George Naisolt and John Washburn cast affirmative votes. For lack of a majority (Barbara Brown whose

husband is a candidate for office abstained) the motion was defeated.

Glick, who has his work on exhibit at the Detroit Art Institute, the University of Michigan Art Department, the Krannert Art Museum in Urbana, Ill. and the Wayne State University's Department of Art's permanent collection, maintains his own pottery studio on 10 Mile Rd. The winner of the Tiffany grant for independent study in ceramics, he has studied at Wayne State University and Cranbrook Art Academy. Because he is scheduled to be out of town over the weekend he will receive his award in a special ceremony Thursday night before the Band Concert.

A native of Farmington, Dr. Bond is a member of an old time Farmington family. The Bond School in the northern end of the school district is named after a member of the same family.

A Phi Beta Kappa, he was listed in Who's Who in America at the age of 36. During the summer of 1960, Dr. Bond was one of a team of five American economists who visited Russia for a month's study of the sources of economic growth in the Soviet economy.

Laine, a resident of the community since last December, has been playing golf since the age of 12. He was 16 when he lost his left arm. Neither this nor a stay of several months in a wheel chair kept him off the links.

He was one of the founders of the National Amputees Golf Association which today numbers more than 400 actual players. The current holder of the national title, Laine will defend his title in October at Pine Mountain, Ga. under the sponsorship of the Independence Green Golf Course. His score on the Independence Green course is from 61 to 63.

Miss Kristen is currently appearing in the "TV-10 in Space" series. She was a co-star and the only girl in the cast in the Walt Disney film "Savage Sam." A native of Norway, she was adopted by the Soderquists when she was about four.

Cook won his national title in March, 1956 in Ames, Iowa. He is also a past holder of the Big-Ten Championship in the 130 pound class. A graduate of Farmington High School, he is studying Spanish at MSU.

David Shuter, captain of the North Farmington Gymnastics Team, will accept the award for the entire group. The team earned the State Title last spring at the state meets. Two members of the team, Robert J. Kainz and John Kirk, are state champions on the sidehorse and still rings.

ing of the milk contract for the coming school year.

Bids were opened at the July 25 meeting and the school administration was prepared to recommend to the Board that the low bidder, Farmington Dairy, be awarded the contract. In the meantime, the Farmington Dairy withdrew their low bid of .049 for 1/2 pint of white milk and .054 for 1/2 pint of chocolate milk. This was raised to .0537 for white and .0604 for chocolate because, they said, of a 13 per cent increase in milk prices to them.

This change from the Farmington Dairy then made Farm Milk low at .0495 and .0545. The Board considered rebidding but decided against it assuming that the bid from Farm Milk still stood.

In other action the School Board approved an application for some \$70,000 in Federal funds for Special Education equipment to be used in the Power and Forest Elementary Schools. The Board expects to receive approximately 35.7 per cent reimbursement on the cost of items approved in this application.

The Board also appropriated some \$1,650 for remodeling and expansion of the Special Education offices located in Noble School. The work will be done by school district employees rather than an outside contractor.

Last year 17 persons, including the director and secretary for Special Education, were housed in the building. Reconstruction and expansion plans will provide adequate space for 24 persons, enough to support pupil growth in the system of another 5,000 children.
