HAIL TO THE Senior Citizen of the Year—Mary Spitzer, wife of Steve Spitzer of Livonia. Mary received the Senior Citizen award for the State of Michigan for outstanding community service. It was presented on "Old Times' Day," Aug. 29, at Michigan State Fair. In addition to being instrumental in starting several senior citizen groups in Livonia, Mrs. Spitzer spearheaded a drive which resulted ultimately in a high-rise apartment in Livonia for senior citizens.

Wayne Staff Gets Nine, Loses Ten

Despite a flurry of action concerning new teachers contracts, the Wayne Community Board of Education recently wound up only with a net loss of one faculty member.

The school board, whose district includes most of Westland, approved contracts for nine new teachers and accepted the resignations of eight others with two taking a leave of absence.

The nine additions, with their assigned schools, educational background, and level of experience, are as follows: Donene Boyden, Wayne Memorial High science, bachelor of science, University of Michigan, one year of experience; Carol Gauss

Those leaving for various personal reasons are J. R. Stover, Patchen sixth grade; Gordon Snyder, Wayne Memorial High counselor; Dale Pezri, Wayne High math; Mary Minkoff, Cleveland kindergarten; Walter Pravia, Wayne High science; Yvonne Mieson, Elliott kindergarten; Kathleen McMillan, Morris kindergarten; and Jacquelyn Bonlander, Stottlemeyer kindergarten.

Granted a leave of absence for one year was Frances McNeil, Kettering second grade, and Jean Taylor, Stottlemeyer art teacher.

Other new employees in the school district approved by the board Monday were Diane Shinn, central office accounting, and Arvel Cronk, custodian at Stottlemeyer Elementary.

Resignations were accepted from Muriel Fritz, library services clerk; Thelma Smith, cafeteria cook manager; and Ronald Ferrier, equipment repair man.

School Head Urges Millage Approval

Children in the Wayne Community School District, which includes most of Westland, shouldn't suffer the loss of educational opportunities which come only once in a lifetime, school superintendent Harry Howard said in a prepared statement urging approval of a four-mill tax levy at the special election Monday.

"The board of education and the administration recognize the need for a new method of financing schools," he said. "In the meantime they do not feel the children should suffer."

"The community's record of school support is excellent," he pointed out.

His statement came one week after a newly-formed citizens' group, Homeowners Association for Lowering Taxes, came out in opposition to the four-mill levy which was defeated by a narrow margin of 500 votes at the June 13 school board election.

The new group has asked critical questions on the need for more taxes for school operations but Howard replied that "expenditures of the school board are public record."

"When the decision to go for the four mills was made in April, the administration spent a half-day in a press conference with local newsmen to explain the need, the superintendent said. This material was printed and distributed in other meetings."

A public hearing on the budget was held and the newspaper publicity was widespread, he continued.

Through the newspapers, all citizens were invited to attend and the superintendent is willing to answer questions about the 1966-67 school year budget.

The school board, Howard said, could have resubmit-

Named OCC Faculty Member

The appointment of Lawrence K. Kersten, 38815 Orangelawn, Livonia, to the faculty of Oakland Community College has been approved by the OCC Board of Trustees.

Kersten, who earned both his Bachelor's and Master's Degrees at the University of Michigan, has been appointed Assistant Professor in Sociology and has been assigned to the Auburn Hills Campus.

Sale To Hit 4,500,000

License plate sales through the first eight months this year registered a gain of 132,500 over the same period in 1965.

Secretary of State James M. Hare predicted that for the first time in history, the 4.5-million mark would be achieved here in Michigan.

As expected, passenger car plates led the way, with 37,500 more sales than last year. Commercial plates were nearly 24,000 ahead, but farm vehicles slipped 4,000.

Revenue was also at an all-time high at the end of June with more than \$73-million already in state coffers.

According to Hare, this is a hike of more than \$3-million over last year.
