## Irene Cameron Gets 'Red Carpet'

Just imagine what an exciting trip it must have been! A Red-Carpet Tour through the Park Avenue Office of a national magazine, a cocktail party at the Waldorf, lunching with Fashion Coordinator, Lita Hassard, who had recently returned from "showings" in Cuba and Paris, and previewing a couture collection which included the Givenchy designed clothes worn by Audrey Hepburn in the current film, "How to Succeed in Business Without Really Trying."

For Irene (Mrs. Dave) Cameron of 9520 Hubbard Road, last week's trip to New York was but a part of her role as a McCall's Associate Home Economist. Her introduction to the "home office" also included a visit to McCall's famous Dining Room, where fabulous meals are served to national and international celebrities while their interview is being tape recorded.

It was also an opportunity to visit the Pattern Division of McCall's Corporation, and to see how the fashions she wears and tells others about, become neatly folded, tissue pieces that always fit together.

There she learned that a designer's "sketch" is studied by a fabric expert and an artist illustrator, and then converted to a more refined, detailed water colored design; a basic size 12 medium dress is redrafted to fit the style.

The sketch and draft are sent back to the designer to be sure the original intent and "feeling" has been captured; next a highly skilled draftsman sections the dress into pattern pieces, and then regauges the pieces to form sometimes as many as 12 different pattern sizes.

Irene was chosen for all from a field of well-qualified applicants, to become one of the 50 McCall's Associates in the United States.

With a Bachelor's degree in Home Economics from Penn State University, with platform demonstration experience working for Westinghouse, and most recently, her own years as a Home Service Advisor for Consumer's Power in Livonia, Irene is an example of a woman who enjoys her work and represents her products well.

As an Associate, Irene "work" consists primarily of talking with Junior and Senior High School girls (a minimum of 150 classes annually), about the fun of dressing attractively, pointing out the advantages of

## New Lions Club To Get Charter

Men from Westland, Garden City, and Livonia are among the 21 charter members of the new Westland Lions Club, to receive its charter at dinner 6:30 p.m. Saturday in the Westland Shopping Center.

President of the newest Lions group is Samuel D. Smith, of 6737 N. Wayne Road, Westland, who has spent 16 of his 17 years in Livonia with the Redford Township Club. He was also a deputy district governor in that community.

Smith, in the Wayne County Prosecutor's office in Inkster, announced that the following members will serve as officers: first vice president, Jack Courtney, of 33639 Yuma Drive, Westland; second vice president, Alfred DiMatteo, Lathrup Village; third vice president, James Davis, of Belleville; secretary, Ward M. Smith, of 33639 Yuma Drive, Westland; treasurer, Robert Cameron, Southgate; Lion Tamer, Arthur Torikian, 34339 Tomahawk Drive, Westland; and Tail Twister, William H. ## Curfew On Corn?

Here is something new—a curfew for eating corn on the cob.

When the Farmington Jaycees asked City Council for permission to sponsor the annual corn roast last Saturday, the only reason came from Councilman Hugo Petersen who asked that the permit be granted on condition that the activity would cease at midnight instead of 1 o'clock in the morning.

The action recalled the famous remark by Louis Nizami, then Mayor of the City of Detroit, when asked about permission to have the bars open until 4 a.m.

"If a fellow can't get drunk by 2 o'clock in the morning he isn't trying."

JOHN M. DAILEY has joined Auto-Flo Company, Division of Masco Corporation, as assistant sales manager of the humbly manufacturing firm headquartered in Redford Township. Dailey, who holds a bachelor degree in business administration from Xavier University in Cincinnati, resides at 21466 Chestnut Lane, Farmington.
