## Westland Fire Calls Continue to Increase

Westland Fire Department's torrid pace continued to break all records during the month of August, announced fire marshal Milton Quiring last week.

With 119 calls last month, the department this year through August has responded to 919 calls, a whopping increase of 58.5 percent over the same period in 1965.

In the August report, Quiring said that the fire losses came to \$28,750, bringing the eight-month total to \$183,142. If the same pace continued for the next two months, the department will surpass the entire 1965 total of \$221,338.

Another clue to the department's business is the ever-increasing number of rescue calls. With 64 in that category in August, Westland firemen have now answered 453 such calls through August, close to double the 276 figure of the corresponding period in 1965.

In the August fire report, Westland had 16 auto fire, 13 house blazes, and 11 grass

**Edison Aide Takes Course In England**  
George W. Matthews, of 9355 Louise, Redford Township, assistant manager of Detroit Edison's Detroit-Wayne area division, is taking part in a two-month informal exchange program with the British Electricity Council in England, Wales and Scotland.

The program began Sept. 14, with a management seminar at Queens College, Cambridge University.

During his stay in Britain, he also will visit local electricity boards and evaluate sales and customer relations activities.
