The Music Hall is open one spain with a Cinerama production that theerves your attention "is Paris Burning". Has some magnificent scene. At times it's a bit draggy but the photographic worder of it'all compensates. Gift coupons for finite production might galace.

this production might make a nice gift for that person hard to buy for. Finally, remember the Wayne Civic Production of "Damn Yankees." Director Damn Yankees." Director ob Gregory has bworked and has turned out ry acceptable production.
