

OUR RISE AS A MANUFACTURER BEGAN WITH...

BAKING POWDER!

How come?
Young George Hartford thought the price of baking powder was too high.
So he hired a chemist, made his own... the very best... and sold it at an unheard of low price.
That was in the 1880's.
That was the first step in developing what today is a long and respected line of manufactured products.
And every one is produced with just one thought:
To give you the very best for the least amount of money.
Can you be sure they're the very best?
We guarantee it... without question.
Are A&P Brands a good reason for shopping A&P?
They're one of many.
