

PUBLIC MAY ATTEND APRIL 1 AND 2

Area Students Vie in Regional Science Fairs at 2 Sites

The wonderful world of science, teenage style, will unfold to area residents at the 10th annual Metropolitan Detroit Science Fair.

An array of more than 5,000 new science projects from entrants representing over 600 tri-county schools will be on display at 12 separate Regional Fairs April 1 and 2.

Local regional fairs will be held at the O. E. Dunkel Junior High School, 32800 W. 12 Mile Rd., Farmington, and at the Le Roy Thurston High School, 25255 Schoolcraft, Redford Township. Hours of the fairs are April 1, 3 to 9 p.m. and April 2, noon to 3 p.m. They are open to the public free of charge.

The exhibits are designed

and built by public, parochial and private junior and senior high school students. All projects on display will be competing for the honor of being exhibited and judged in the Metropolitan Science Fair in Cobo Hall, April 15 to 18.

Awards for excellence are being given to senior high school students for projects in botany, zoology, chemistry and biochemistry, mathematics and computers, earth and space science, physics, medicine and health.

Junior high school students will compete for awards in experiments, collections and graphic arts.

Two grand prize winners also will be determined from the entries selected at the Cobo Hall fair. The winners will be given expense-paid trips to San Francisco, along with their teachers, to compete in the International Science Fair in May.

The Science Fair is designed to encourage youths in their teens to think seriously of science and to do something creative and imaginative about it.

Top Labor Aide Heads Program At Dedication

Dr. John Patrick Walsh, assistant manpower administrator, U.S. Dept. of Labor-Washington, D.C., will be principal speaker when Schoolcraft College dedicates its new \$1,000,000 technical-vocational building at 3 p.m., on Sunday, April 9.

Joining Dr. Walsh among the guests invited to participate in the ceremony will be Dr. Hobart H. Sommers, U.S. Office of Education regional representative for vocational-technical education; Chicago; and Robert M. Winger, state director of vocational education, Lansing.

2 Brothers Killed in Accident

Two brothers were killed when they were struck by a car on Michigan Avenue near Merriman Road, in Westland, early Saturday morning.

The Westland Police Department was told that about 2:50 a.m. a car driven by Ervin G. Friskick, 26, of 32789 Missaukee, Westland, was westbound on Michigan Avenue when he came upon a tow truck parked on the side of the road, without its tail lights on.

The two men were standing in the roadway, talking to the truck driver, seated in the cab of his vehicle.

Victims of the accident were Donald Palmer, 33, of 4589 Washburn, Belleville, and Charles Allen Palmer, 32, of 7399 Westwood, Detroit.

They were taken to Wayne County General Hospital by Westland and Wayne rescue units.

No arrest was made, reported police, who are still investigating the accident.

The accident was reported by the owner of a citizen's band radio.

Wards Sponsors Guest Program of TV Singer

Television and recording star Brenda Lee will make a two-hour guest appearance this Friday at the Montgomery Ward store at Wonderland Center, Plymouth.

The popular singer, who made her first network appearance in March, 1956, will autograph records in the store's record department on the second floor.

Miss Lee, well-known to recording enthusiasts throughout the country, has been seen on many network television shows including Bob Hope, Perry Como, Ed Sullivan, Dick Clark, The Tonight show and many others.

The diminutive young singer will be at the Wonderland store from 3 to 5 p.m. on Friday, March 31.
