

STAINLESS TRIM
To enhance appearance and to resist corrosion, more than 25 pounds of nickel stainless steel are used in an average automobile for such applications as wheel covers and moldings for windows and rocker panels.

Briar Hill Notes

By FRANK MANN, 626-5946

CAROLE ROBINSON should be quite a gardener when she grows up. Sometime in the summer she planted some pumpkin seeds in amongst her mother's flowers and now has a 30 pound pumpkin for Halloween.

In June the Loebels of Beaumont had their furniture shipped to their new home in Ohio, and the Seayak family in North Royalton, O., had their shipped to Briar Hill.

Settled in their new home, these days find husband, William, going to work at Ford; wife, Mary Jane, joining the bowling team and the children busy with home work. Said children being Terry, who celebrates her 10th birthday Oct. 21; Dale, 14, and Diane II.

For the past four years, Adrian was home for Mary Ann and Arnold Buzzard but now they are living in the Hall home on Briar Hill. Their children number four and are Jennifer, 12; Marcia, 11; Gunnar, 3 and baby Lisa, not quite 1.

Arnold is district manager for Motorola Semi-Conductor Products and was raised in Michigan but Mary Ann grew up in Buffalo, Michigan weather will be no surprise to them.

Friday evening, Oct. 13, found Sarah Gahagan, Denise McPherson and our daughter Gail taking their sleeping bags to Cindy Kleinmann's home in Canterbury Common. Cindy and Sarah had a mutual birth date, Oct. 12, and their friends helped them celebrate.

"BEAT THE CHAMPS" is the name of the top team in the Women's Bowling League. Team members are Jo Landenberg, Marie Nicol, Annabelle Mott and Connie Wingle. High game has been set by Irene Young at 230 for everyone to try and beat.

Elaine and Sheldon Watson were hosts for the Pinocchio Club Saturday, Oct. 14. Prizes for high game scores were given to Loren Peck and Sue Hage. Other players were Rosie and Don Miller, Irene and Lyle Young, Jake Hage, Beverly and Bob Setter and Esther Peck.

Sergio Mendes Will Perform Hybrid Rythms

Sergio Mendes and Brasil '66 will perform in concert at 8:30 p.m. Friday, Oct. 27, in the Oakland University Sports and Recreation Building, Rochester, Mich.

Mendes, a protégé of Herb Alpert, features a fusion of North and South American rhythms into what he terms an "unabashed form of pop hybrid—cool, disciplined and dynamic."

The sextet is composed of three Americans and three Brazilians, musically divided among piano, bass, drums, percussion and two mini-skirted girl vocalists.

The program is part of Oakland University's Fall 1967 Concert Series.

Tickets at \$2 and \$3, may be obtained through the Festival Office, North Foundation Hall, Oakland University, Rochester, 48063, or in person at the office.

A limited number of tickets may be available at the door.

School Tots View Science At Cranbrook

Children in grades four through six are to be given an opportunity to "Explore Science" at Cranbrook Institute of Science in Bloomfield Hills.

A session of Saturday morning classes will begin at 9 a.m. on Nov. 4 and continue through the following three Saturdays. The programs will be repeated at 10:30 a.m.

Topics include "Our Changing Earth", "Fish and Their Characteristics", "Introducing South America" and "What is an Invertebrate Animal?"

Color motion pictures, demonstrations and the use of museum specimens will characterize the programs. Children's personal collections pertinent to the topic will be welcome for display.

Student Members of the Institute will be admitted free with a 50¢ charge to non-members.

For registration and further information call 644-1600, Ext. 285 weekdays.

Painting Trim

You can avoid a cluttered look in smaller rooms by painting the trim the same color as your walls. On doors, door frames, and window sills that collect finger marks and receive more wear, it is best to use a matching semi-gloss enamel.

Junior Miss Search Begins

The Farmington Jaycees have begun their annual search for Farmington's Junior Miss.

Entry forms for the contest, open to senior high school coeds of Farmington, may be obtained at any of the high schools. Noel Kurth, chairman of the project, emphasized that the idea behind the Junior Miss Pageant is to select one teen as representative of all the teens of the country.

"The girl chosen is the average teenager," Kurth said, "who participates in her school activities, is interested in her classes, and is in general a well-rounded person."

Farmington's contest to choose the Junior Miss on the local level will be conducted Nov. 18 at the Farmington Junior High School.

Following the local contest, the winner will participate in the state Junior Miss pageant.

100,000 TO THE AIR

More than 100,000 men have been designated naval aviators at the U.S. Naval Air Station, Pensacola, Fla., since naval aviation began in 1914.

BENTLEY HIGH'S National Merit Scholarship semi-finalists and Letter of Commendation winners joined school principal Jack Comstock recently for a photograph. The semi-finalists, seated, are (from left) Richard Thomas, Paula Crafton and Bob Johnson. Letter of Commendation recipients, standing (from left) are Ken Bollin, Karen Hill, Chris Kumpoch and Gary Niles.

HALLOWEEN AND PUMPKINS are as much a part of autumn as Santa Claus is part of Christmas. Carving their Jack-O-Lantern are, from left, Colin Howard, 6, and his brother, Britt, 9. They are the sons of Mr. and Mrs. Hilmar Howard of Halstead Rd.

ALBERT J. CHARLET, 30087 Valley Side Drive, Farmington, has been named assistant director of Ford Motor Company's Central Product Planning Office. A graduate of Michigan State University, Charlet joined Ford in 1962.
