

## Jaycees Ask For Stop To Caboose Vandalism

The Westland Jaycees have issued a public appeal to end the recent acts of vandalism at the railroad caboose installed last month in a city park. Jaycees Secretary Bruce T. Fisher pointed out that the group "does not want the actions of a few vandals to take away the fun and enjoyment from the deserving Westland children."

In the Jaycees' letter, it was pointed out that the caboose, built 80 years ago, will serve as the group's permanent office and mailing address in addition to being a historical monument in the park at Wildwood and Hunter Streets. Fisher said in his letter:

"THE WESTLAND Jaycees appeal to a certain minority of young children and teenagers who are vandalizing and destroying the historical caboose which has been permanently located at the Westland Jaycee Park at Wildwood and Hunter.

"This caboose is of 1887 vintage and was purchased by the Jaycees to be displayed at the Park as a historical monument as well as becoming the Westland Jaycee mailing address."

"There have been countless hours and dollars spent to bring this caboose to our community. The Jaycees plan to refurbish the caboose and bring it back to its original condition. But we are waging a losing battle."

"Already vandals have broken through the caboose roof, kicked out the boarded up windows, tried to set fires inside the caboose, littered up the area, and have caused many other wanton acts of destruction."

"WE BELIEVE these acts of vandalism reflect the attitude and upbringing of only a very few youngsters. We must also appeal to the parents."
