

Library Expansion Plans Approved

Preliminary plans to remodel the Schoolcraft College library to meet the space requirements of a student body that has nearly doubled in three years were approved by college trustees at their Nov. 1 meeting.

The project, expected to be completed by next summer at an estimated cost of \$45,000, will add approximately 2,200 square feet of available space for book stacks and student reading area.

The needed floor space will be recognized by eliminating four of the eight existing classrooms in the library building. The other four will undergo slight remodeling so that they can be reassigned to strictly library functions.

COMPLETION of the remodeling will coincide with the opening of the new 32-classroom Liberal Arts Building now under construction.

Trustees instructed the project architect, Ralls, Hamill, Baker Associates, Inc., to proceed with working drawings.

Included in the project, which makes all of the 21,500 square foot building available for library purposes for the first time, are conversion of two classrooms into a single reserve book stack and reading room; conversion of another classroom into a slide viewing room; use of the present language laboratory as a record and tape listening room; and conversion of a faculty office into an audio-visual department work area.

In addition, two small office spaces will be added and the

Lindner Heads Research Unit

W. Kenneth Lindner, vice-president for business affairs at Schoolcraft College, has been appointed chairman of the community college research committee of the Association of School Business Officials.

Lindner, a resident of Garden City, received the three-year appointment during the association's annual convention in Miami recently.

As committee chairman, Lindner will serve as director of workshops and research activities of the two-year college section of the national association. Among continuing projects of ASBO is one aimed at developing uniform revenue and expenditure codes to be used by two-year colleges throughout the nation.
