

Stabbing Bond Is \$100,000

Facing two counts of attempted murder, a 28-year-old Walled Lake man is being held on a combined bond totaling \$100,000 as a result of stabbing two Farmington Township brothers at a New Year's Eve party on Drake Rd. in west Bloomfield Township.

The two brothers, Randall Ryan, 19, and Thomas Ryan, 21, of 21355 Farmington Rd., are listed as being in "good" condition in Detsford General Hospital.

Meanwhile, Fred Parkkila, who is accused of the double stabbing, turned himself in to police and stood mute upon his arraignment before West Bloomfield Township Justice of the Peace Robert Scott.

JUDGE SCOTT set bond at \$50,000 on each count and ordered a plea of not guilty entered in Parkkila's behalf.

Examination in justice court is scheduled for Tuesday, Jan. 9. Parkkila is being held in Oakland County jail in lieu of meeting the bond.

The New Year's celebration took place at the home of Mr. and Mrs. Gary Barr, 6531 Drake. Police say more than 50 persons were at the party, and when they arrived at 3:30 a.m. Monday there was evidence a large fight had occurred both inside and outside the home.

The Ryan brothers, home on leave from the Army, told police they were attacked by seven men outside the house, and witnesses say the seven assailants left the scene in one car before police arrived.

MOST OF THE guests were from Farmington and Walled Lake, police said, and the ages ranged from 19 to 29.

Randall Ryan suffered stab wounds in the back as well as a collapsed lung. His older brother received wounds in the back and about the head.

The police investigation also has revealed that a third man, Jack Watson, address unknown, was stabbed in the malee. Still another was reportedly beaten, while a cousin of Parkkila's suffered shotgun pellet wounds in the hand.

Township Building Hits High

Value of residential construction authorized by Farmington Township in one year's time reached a record high in 1967 of \$12,299,761 for 484 new structures.

It was only the second time in history that the township had topped the \$12 million mark for new homes, and erased the old record of \$12,075,285 set in 1965.

Building department figures, compiled by Mrs. Bernice Myers, show that for the seven years of 1961-1967 permits for 2,831 new residential units have been issued in the township. Their combined value exceeds \$56.7 million.

In value of all types of construction approved in 1967, there was a drop of about \$2.5 million from 1966 when the township reached a record \$18,197,165. Last year's total was \$15,648,857.

A breakdown of the department's six categories shows these 1967 totals for the number of permits issued and their value, with comparative 1966 figures in parentheses:

New residences--484, \$12,299,761. (496, \$11,141,905.) Industrial and commercial--24, \$2,061,584. (31, \$2,482,658.) Churches and schools--3, \$375,000. (5, \$3,610,633.) Additions--190, \$627,524. (171, \$664,528.)

Garages--101, \$152,988. (122, \$178,841.)

Swimming pools--31, \$88,000. (30, \$110,600.)

The pace of new residential construction has more than doubled since 1961 when valuation in this category reached \$5,009,900, which at that time was the highest in history.

In the same seven-year span, the township's industrial expansion has soared even a far greater degree, going from \$194,000 in 1961 to more than \$2 million each of the last two years.

Shockless Carpets
Shock-free carpets are made by combining fine nickel or stainless steel fibers with the nap. These fibers are grounded to prevent generation of static electricity by a person walking on the carpet.
