

Ford Blasts Fiscal Policies In Gold Crisis

By FRED DeLANO

House Republican Leader Gerald R. Ford ripped into Johnson administration fiscal policies which he said have brought the world to the brink of fiscal chaos.

He said solutions should include cuts in federal spending and the imposition of certain excises on foreign air and ship travel.

Ford, the Grand Rapids GOP whiz who now leads the minority delegation in the House, spoke before 150 at a \$50-a-plate Congressional Report breakfast for 19th District Rep. Jack McDonald.

CHAIRMAN ROBERT Smith said the proceeds will cover official expenses incurred by McDonald which are not financed from tax money, such as his district office, printing and entertainment.

Ford praised McDonald's first-term performance. "He has done a great job," Ford said. "Your district has an investment in him and I hope you send him back."

Ford spoke while the world gold market fluctuated wildly and London closed its buying and selling in an attempt to give United States economists a weekend breather.

The price of gold jumped to \$40 in Brussels and one London hotel stopped exchanging pounds for dollars except for the size of the hotel bill.

"We are now reaping the tragic harvest of the fiscal mismanagement of the administration," Ford said.

"The administration says the solution is to raise taxes, increases, limitations on investments and removal of the gold cover. These are Band-Aids on

RFK Decision On Race Due In A Few Days

CONCORD, N.H. -- The question of whether Senator Robert F. Kennedy will run against President Johnson for the Democratic presidential nomination is expected to be answered within a few days.

Sen. Kennedy is studying the situation after the recent New Hampshire primary where Dems in that state turned a startling split decision, giving President Johnson a narrow, empty victory while awarding rebellious Eugene McCarthy 42 per cent of the ballots and apparently 22 nominating votes at the party's national convention.

Meanwhile, the excellent showing of former Vice President Richard Nixon in the Republican primary had the effect of pushing Gov. Nelson Rockefeller of New York toward an entry into the upcoming Oregon primary.

Nixon smashed, by about 80 per cent to 10 per cent, a write-in campaign waged on behalf of but without the official blessing of, Gov. Rockefeller.

MIAMI BEACH, Fla. -- Gus Van, 80, retired vaudevillian who had starred in five editions of the Ziegfeld Follies on Broadway, died here. Van, born August Van Glone, gained fame as a member of the singing team of Van and Schenck. His partner, Joe Schenck, died in 1930.

WASHINGTON -- Chances of a breakthrough soon in the eight-month-old copper strike have faded after union negotiators delayed action on a \$1.07 hour contract offer and renewed demands for company wide bargaining.

The 40-month contract offer of Phelps Dodge Corp., one of four major strikebound copper firms, would have covered some 5,000 workers at its Arizona mines and El Paso, Texas re-
