OPEN SONDAYS

Remember that a paint job is only as good as its foundation. First, fill all cracks in plaster walls with spackling plaster walls with spackling and its plaster walls with spackling as witchen knife or a versatile faiger and thumb. When the platching is completely dry, pand the surface smooth and you're restly to apply the undercoaling or primer.

IF YOU HAVE a high ceiling, rig' a raised platform from two strong ladders and a wide plank. Allow the plank it of extend at least a foot beyond the step of the ladders and the ladders and the ladders are step of the ladders that the ladders are step of the ladders and ladders and ladders and ladders and ladders and ladders are remove all hardware and light fixtures from the room or cover them with masking tape. Then dust your walls thoroughly Kitchen and bathroom walls require washing

with household cleaners to remove dirt or grease. Before you begin to raint, the National Paint, Varnish and Lacquer Assn. stressed that you should read the manufac-turer's directions carentity Every suggestion should be followed to the letter in order to obtain a beautiful paint job.

If the directions suggest that you stir the paint, use a wooden spatula and stir until absolutely no color pigment remains in the bottom of the can. For protection, cover all floors and furniture with drop cloths careful you are, a few spiaters are invertable. You cannial miles patiently are a few spiaters are invertable in your cannial miles patiently with a constitution of the bristle length into the paint. Wipe up any splatters immediately with a damp cloth—don't wait until the paint has dried.

A film of protective cream on your hands will make cleanup a snap. Carry this idea a bit further and rub a cream hairdressing into your hair. You'll find that stray splatters will wash out easily.

will wash out easily.

When painting a ceiling, work across the width of the room to enable you to begin the secand lap before the first has dried. And, remember, don't ry to move your ladder with paint or tools aboard.

As soon as you are finished, clean up your brushes and tools soo they will be in good shape for your next painting spree. Now, wast until the paint is dry before removing the dropcletchs. Your house is ready for spring.
