IT'S A FACT!

IT'S A FACT... PUSHPUTTONS
PRETTY PRETTY GIRLS!

Recent statistics show you don't need a magic carpet to whisk you to beauty. The modern replacement is the pushbutton on an aerosol. Last year over 20 million aerosols were sold to beauty-conscious American girls of all ages.

Pretty girls don't just happen — they work at it. And they don't really rely on magic carpets. The only magic involved is credit to the aerosol industry which keeps turning out more and better ways of making a girl look better. Some of the latest are pushbutton hair coloring and shampoo; after-shower oil courtesy of a spray — that is, spray a little spray oil in the hand, then try it on the skin. The same technique should be used with a spray makeup, talcum and deodorant. You can always add more after you find out how much spray product is enough for you.

So? ... I'm not a big success!

That won't solve anything. But we don't like to see you settle for anything but the best either. We just want you to be as successful as we think you could be.

We want you to find out how to go about it. To find out that success isn't as tough to get as you might think. Neither are all the good rewards that go with it.

like money, prestige, independence, and all the things you probably want for your family. It isn't going to cost you anything to find out about a great opportunity to get some success. Just fill in and mail the coupon. If you've got that much initiative, you've already got more going for you than you think.

So go ahead, make up your mind that you'll do it now. We want you to live a little.
