Plymouth Band Plans Annual Benefit Show

Plymouth High School bandmen are selling tickets to their only fund-raising event of the year, a talent show entitled "Variety Is..."

The show will be offered two nights, Friday and Saturday, May 17 and 18, in the high school gym. Tickets will be available at the door for \$1.25 for adults and 75 cents for students.

Band Director James Griffith says that if this year's show is as popular as the last two, then people should buy their tickets in advance from band members.

Among the more unusual acts this year will be a student xylophone duet and a faculty timpani soloist from Junior High West. Acts range from dancers to magicians.

The ACTS were selected from those presented at a school student talent assembly. The planning committee also looked for outstanding acts in other Plymouth schools.

This is the third year Plymouth High's band has sponsored such a show. The first year

it was a one night affair, and last year it was extended to two nights--playing to capacity audiences both nights.

Proceeds will be used to send the band to a one week band camp before school reopens in fall. The band will spend Aug. 25 to Sept. 1 at Camp Kohana on Lake Michigan in Leelanau County.

The band marches and rehearses as well as engaging in recreation. This camp has helped the Plymouth band's quality, says Griffith.

"WE USED to have all sorts of fund raising activities, from fish dinners and square dances to candy and tag day sales," Griffith said.

"But we thought the people of Plymouth deserved more for their money than a 40-cent box of chocolates for a dollar. We knew that the student body of Plymouth High School possessed a great deal of individual talent that didn't receive many opportunities to perform other than the talent show."

WASHINGTON -- Census bureau figures indicate that about 11.4 million Americans will be old enough to vote for president for the first time in this year's election. That would be enough to hold the balance of power in a close contest.

WASHINGTON -- Civilian reservists numbering more than 20,000 began reporting for active military duty this week. Roughly half of them are destined for Vietnam duty. For the first time since the 1961 Berlin crisis, the callup includes ground and naval surface units. The men reporting are the main contingent of 24,550 reserves who were called April 11 and given 30 days to settle their civilian affairs.

HOMINY FALLS, W. Va. -- Mine operators will not send their men back to work in honeycombed Big Sewell Mountain until rescue workers locate the bodies of 10 men believed to have died in a flooded mine shaft. Fifteen others were rescued Saturday after five days trapped in the mine.
