

Romney Picks Lansing Attorney As U-M Regent

LANSING -- Gov. George Romney has announced the appointment of Robert P. Briggs, 55, of Elk Rapids, as state commissioner of financial institutions and of Lawrence B. Lindeman, 57, of Stockholm, as a regent of the University of Michigan.

Briggs has been a U. of M. regent since 1964. He will resign from that post May 31. Lindeman will succeed him.

Romney said Lindeman, a Lansing attorney, and former Republican state chairman, will have to run for election this fall to fill the first year term.

Briggs retired May 1 as executive vice president of Consumers Power Company after serving 16 years with the utility firm as head of financial and corporate affairs.

STATE AND LOCAL ROUNDUP

LANSING -- The Detroit newspaper strike is more than 183 days old and last week George Romney said there's no end in sight and urged the public to bring pressure upon the publishers and unions to settle their differences.

"It is unconscionable that in this modern age, the public's right to know can be thwarted for over half a year by the decisions of a few individuals representing the two managements and the 14 unions," he said.

Michigan Atty. Gen. Frank Kelley said interest rates charged for secret loans to persons who could not get funds elsewhere were from 50 to 200 per cent.

The charge says the payments were enforced by extorting and threats of violence, and corporate affairs.

LANSING -- House Speaker Robert Waldron has named freshman Rep. Gustafson, Groat (D-Battle Creek) as chairman of the House Youth Committee. Groat, a former Battle Creek police detective, previously was vice chairman of the Youth Committee. Successors to him at that position is Rep. Raymond L. Baker (R-Farmington).

ANN ARBOR -- Plans for a one year study of the University of Michigan's trimester academic calendar, with a view toward revisions, were made last week in a special meeting between U. of M. President Robert Fleming and the faculty Senate Advisory Committee on University Affairs.

U. of M's trimester system is based on recommendations made in 1961 by a faculty committee.

Under this system terms run from late August until shortly before Christmas, January to early May and late May into August -- with an option for students to enroll in courses for one of the summer terms or for one of two shorter terms.

MARSHALL -- The Calhoun County Board of Supervisors has approved a new wage schedule for sheriff's deputies which climaxed a four-month dispute with a 17-hour walkout two weeks ago.

The new contract boosts salaries for beginning deputies from the current \$5,282 to \$5,782 on July 1 and to \$6,074 on Jan. 1, 1969. The minimum for deputies was raised to \$7,758.

Salaries for sergeants, captains and the undersheriff were increased along the same lines. The contract will expire Dec. 31, 1969.

LANSING -- The Michigan Senate, looking for a way to skirt a court ruling, has moved into a position for a final vote on a bill that would make helmets required motorcycle equipment.

The House passed measure to make a major statement of his economic proposals for the nation. In a speech to the Detroit Economic Club May 22, Rockefeller's office said last week.

Rockefeller, campaigning for the Republican nomination for president, also is expected to meet with Michigan delegates to the GOP national convention and other political leaders during the trip.

ALBANY -- New York Gov. Nelson Rockefeller is expected to make a major statement of his economic proposals for the nation. In a speech to the Detroit Economic Club May 22, Rockefeller's office said last week.

Rockefeller, campaigning for the Republican nomination for president, also is expected to meet with Michigan delegates to the GOP national convention and other political leaders during the trip.
