

# Delay Clark's Trial

The manslaughter trial of Dr. Ronald E. Clark has been postponed for a second time by Oakland County Circuit Judge William J. Beer and now is scheduled to open Monday, June 17.

Originally the 56-year-old Farmington Township physician was due to stand trial in April, but then the court date was put back to June 4. A conflict in the judge's calendar next week led to the latest postponement. The trial will take place in Ingham County, Dr. Clark having been granted a change of venue by Judge Beer, who nonetheless will hear the case himself.

Assistant Prosecutor Bruce Leitman said first sessions of the trial, during selection of the jury, will be held in a 12-judge courtroom, and that the case then will be moved to the courthouse in Mason for completion, Mason is the Ingham County seat.

Dr. Clark is accused of causing the death in his office last Nov. 3 of Mrs. Grace Neil, 43, of Livonia through an overdose of sodium pentothal.

# DeGaulle Refuses To Quit

PARIS—President de Gaulle blamed "totalitarian communism" for trying to take over strike-paralyzed France.

The 77-year-old president refused to resign, instead dissolved parliament, and indicated he would use the army to break the stranglehold of the general strike.

DeGaulle also slapped controls on the movement of French money, checks or gold abroad.

BONN—Parliament has approved a set of controversial emergency laws for the West German republic.

In the most bitter debate of the post-war era, parliament approved a law giving the government powers to limit certain civil rights in time of national danger.

# WORLD ROUNDUP

Students and some workers continued to strike in protest of the legislation.

The upper house of parliament is scheduled to vote on the bills June 14. It is expected to approve them.

UNITED NATIONS, N.Y.—Secretary General U Thant and other U.N. officials are concerned about the increasing tendency of the U.S. to cut foreign aid.

A report by the U.N. Economic and Social Council backs up Thant's contention that since the end of World War II, the "gap" between industrialized and emerging nations has widened rather than narrowed.

The U.S. Senate Foreign Relations Committee early last week refused to authorize \$200 million for the Asian Development Bank and \$140 million for the International Development Association.

PRAGUE—Antonin Novotny, Czechoslovakia's former Stalinist leader, was bounced from his last stronghold of power—a Central Committee—by the nation's new reform government.

But 40 of his allies, regarded as fifth column by the new regime, were left untouched.

There were hints that Novotny and other former associates might be tried. They were all involved in Stalinist purge trials in the 1950s.

LONDON—Cecil King was fired as head of International Publishing Corp., biggest publishing empire in the world, after an editorial in the normally pro-Labor Daily Mirror calling for the resignation of Prime Minister Wilson.

# No Hook Fisher Freed By Judge

CAMBRIDGE — If there's no hook on the line, you're not fishing, a judge ruled in Superior Court.

The case was the appeal of Army Capt. Michael Harbin, of Ft. Devens, from a \$20 fine in lower court on a charge of fishing out of season. Harbin said he wasn't fishing—just trying out a new spinning reel without a hook.
