FORTY-SIX years with Detroit Edison ended this week for Harold W. Engel, 30236 Florence, Garden City, with his retirement. Engel began in 1922 as a billing clerk, and at the time of his retirement was operating an accounting machine.

Change Height Limits

Maximum Height Standards for procurement of personnel for the Armed Services have been liberalized by regulation changes.

The Director of Selective Service notified all State Directors of the new standards by recent letter.

Men seeking a commission in the Regular Army must not be less than 56 inches nor more than 80 inches in height. However, individuals being considered for appointment in the Regular Army in other than Armor, Artillery or Infantry who are not more than 2 inches below the minimum height requirement of 56 inches will automatically be considered on an individual basis for an administrative waiver by the Headquarters, Department of Army, during the processing of their application.

Men enlisting or inducted in the Army or Air Force must be at least 60 inches in height and no more than 80 inches tall.

The Navy and Marine Corps limits the height from 5 feet to 6 feet 8 inches.

Appointments in the United States Military Academy are limited to those 5 feet, 8 inches or above and to those who are no taller than 6 feet 8 inches. Candidates for admission who are within 2 inches below the minimum will automatically be considered for an administrative waiver by the Headquarters, Department of Army, during the processing of their cases if they have exceptional educational qualifications, have an outstanding military record or have demonstrated outstanding abilities.

Cyclists To Carry Helmets

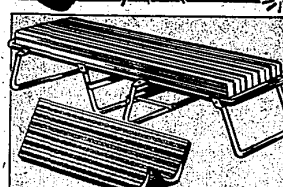

While Michigan's amended motorcycle helmet law does not require the wearing of helmets by riders, it does require that helmets be part of the motorcycle equipment and that the helmets meet standards previously set, Col. Frederick E. Davids, State Police director, has emphasized.

To clear up any misunderstandings among state cycle enthusiasts, Davids said: "Under the new law which has been given immediate effect, each motorcycle must be equipped with a number of crash helmets equal to the number of occupants on the vehicle. The wearing of these helmets is now left to the discretion of the riders, we intend to enforce the law requiring them as equipment."

DAVIDS FURTHER pointed out that the amendatory statute does not change the previous requirements on helmet specifications.

"Even though we now have an amended law to deal with, it does not mean that we plan to allow just any sort of headgear. The Nazi-type, World War II helmet and other such novelties won't do. Only approved helmets meeting state helmet specifications will be legal," he emphasized.

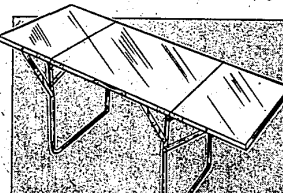

A recent decision by the Michigan Court of Appeals ruled that the law requiring mandatory wearing of crash helmets by cyclists was unconstitutional. This ruling has been criticized by safety enforcement officials and medical authorities on the basis of records which indicate the leading cause of death in motorcycle accidents is injury to the head.

4 Days - Reg. 11.96, Folding 72" Cot With 2" Mattress

Aluminum frame has two locking center legs. With 2" thick urethane foam pad. Reg. 5.97 Urethane-foam-filled Cot Pad... 4.97
