

A closet with fittings scaled to a child's size is the best incentive for developing neatness and orderliness in care of his clothing, report home management specialists at Michigan State College.

Tell Ways To Prepare Game

Hunters and housewives who will face their first experience in preparing wild game for table use will be interested in the bulletin "Good Eating from Woods and Fields," compiled by Michigan State College in cooperation with the Michigan Conservation Department. The publication tells of various tested methods used in preparing wild duck, pheasants, rabbits, grouse and other game. According to Charles Shick, extension specialist in game management for Michigan State College and the Conservation Department, hunters can get some good pointers on bleeding, dressing and cutting up of game animals.

A copy of the bulletin may be obtained from county extension offices or by writing to the Bulletin Office, Michigan State College, East Lansing.

SUNSHINE LADY LISTS SHUT-INS AT HOSPITAL

The prayers of people do not have to be heard from a large church with its beautiful stained glass windows, nor does the building have to be of stone. Recently it was inspired by the friendliness that came from a small yellowish building in Farmington. It's called "The Neighborhood Church."

It seems one of its chief interests is for the neighbors. And if that neighbor is ill, every effort is taken to cheer him. What a wonderful way to look at life! Their gift to me, the day I was the guest of the church people, was two beautiful boxes of cards, and stamps to mail them.

Another special neighbor is Mrs. Dolph Colosky, 2124 Randall. She has a very special name, Ann Bonanogho. Her thoughts to shut-ins each week are special, as are the gifts she encloses with her cheer.

I wish to thank the many friends who have been sending cards to my aunt, Miss Ethel McCracken. She died September 26. The other day I asked an old man who has been ill a great many years what I could send her. His wish was for an apple, fresh from a tree, and if I could find one, would I please leave a leaf on it. It's just these little things that could make life so much happier for a man; but I don't have an apple tree.

Others who would enjoy an apple, or just a few fall garden flowers, would include at the Wayne County Hospital, Elsie Michigan in Building A, room 302. Fran Blay, Ruth McClary, Minnie Halpen, Estelle Yazzelle, Helen Costella, Blanche Bell, Vivian Appleby, Leaven Emmons, Jenny Arnold, Mary Groll, and in room 301A, Maude Rowley, Emma Walters, Catherine Quinn, Rose Ellis, Eva Gallop, and Ida McKee. In room A304 are Jean McArthur, Marie Schroeder, Emma Martin, Rose Vaznicki, Anna Smith, Clara Sporental, and Mary Dhiren. In A202 are Myrtle Lang, Laura Root, Mary Zerilla, Irene Chambliss. Then there are Ellen Peterson, Ellen Phillips, Edith Harris, Ann Openshaw, Ann Sherman, Marge Marwood, Edith Chuck, Louisa Gamey, Dick Watson, Cecile Schneider, and Mary McGee.

These are just a few of the folks who would be so happy to hear from you. Please remember that for some of these, the future is dim. While others have been in those "halls of white" for over 20 years.

I'm happy to tell you that Karen Grundy, 24495 Hubbard, Farmington, is in the hospital, so drop her a note.

The Sunshine Lady, 1405 S. Hospital Road, Route 9, Pontiac, Mich.

caught between the devil and the deep, since they fear the loss of votes from whatever stand they take on the issue. For this reason, few have taken a stand.

Legislative research on changes in the state unemployment compensation law has been postponed until after the election—probably until the January session opens. Disagreement has been over maximum benefits, extent of coverage and the waiting period.

New precedent in labor-management relations is the \$33,000 judgment against the Detroit United Electrical and Radio Workers (local 937) for violation of a "no work stoppage" contract. The supreme court said the walkout was not the spontaneous decision of each individual employee.

Michigan probably will receive upwards of \$400,000 for conservation work—the Pittman-Robinson funds derived from federal taxes on sporting arms and ammunition. Some of the money will go into two upstate wildlife research stations.

M.S.C. experts see the next five years as the best opportunity for sustained profit in sheep-raising. The sheep population now is the lowest in 85 years—some 35,000,000 head.

Less than 4,000 handicapped workers in Michigan now are out of work. Five years ago the number was above 15,000.

HOME FIRES WILL STRIKE ONE FAMILY IN EVERY HUNDRED

There is one chance in a hundred that there will be a fire in your home this year. That is the warning given by the National Board of Fire Underwriters, which has just issued a new booklet that takes home owners on a tour of their homes for search of fire hazards.

Issued to help Americans cut down their yearly total of 400,000 home fires, the booklet is titled "The Fire Safe Home." It supersedes another booklet of the same title, more than 2,000,000 copies of which were distributed.

Thomas J. C. Aitken And Marguerite Jewett Wed

Marriage vows were spoken before an altar of white gladioli and chrysanthemums by Marguerite Irene Jewett, daughter of Mr. and Mrs. Leon E. Jewett, Sr., of Farmington, and Thomas James Aitken, Jr., son of Mr. and Mrs. Thomas J. C. Aitken, Sr., on Friday, September 8.

Rev. W. Rutkowski officiated at the candlelight ceremony, held at St. Paul's Lutheran Church. The bride, given in marriage by her father, wore a traditional white gown of slipper satin with lace insets, and lace-edged train. A tulle veil in place, and she carried a cascade bouquet of soft mums and shasta daisies.

Christine Aitken, sister of the groom, was maid of honor, and Sharon Jewett, sister of the bride, was bridesmaid. Irene Ryan, 6, was flower girl, and Claude Lenison was best man. Richard Carpenter of Plymouth was usher, and seven year old Arthur Ryan, the bride's nephew, was ring bearer.

Patricia Hix of Detroit sang "The Lord's Prayer," and "Oh Promise Me." A reception was held following the ceremony at the Macabee Hall.

Manufacturers say that more linoleum floors are scrubbed away than are worn away by foot traffic. Use floor seals on linoleum floors as you would on a wood floor to protect the surface from wearing or scrubbing.

Blue Star Mothers L. MCINTYRE

Mrs. Hugh McIntyre and Mrs. Nelson Vanderburgh of Farmington, Mrs. George L. Brown of Pontiac, Department of Michigan President Mrs. William Damgaard of Oxford and Mrs. F. Doepfer of Romeo left Wednesday for Big Rapids to attend the Blue Star Mothers Regional Meeting, District No. 1, on Thursday, October 5. They also attended a Regional Meeting of District No. 5 held at Sault Ste. Marie on October 6, where they assisted in organizing a new Blue Star Mothers chapter of Newberry, Michigan.

Who Runs America?

the Congress? the President?
OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs
American Farm Bureau Federation
National Grange
Veterans of Foreign Wars
National Conference of Catholic Charities
American Protestant Hospital Association

American Legion
National Association of Small Business Men
United States Chamber of Commerce
National Association of Retail Grocers
National Retail Dry Goods Association
American Bar Association

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proud security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

"PROTECT YOUR CAR Against 24 to 1 ODDS WITH BLUE RIBBON AUTO INSURANCE"

MR. A. J. JACOBSEN
MML Safety Engineer

Mr. Jacobsen says:—"National statistics show that one car out of every twenty-five will be involved in some kind of accident this coming year. But you can still have maximum financial protection with our MML Blue Ribbon Policy which offers you the most complete auto insurance coverage available, regardless of price."
