background as a field surgeon but was selected on the basis of his record for operating large army hospitals. Like most of his predecessors, Bliss has had excellent hospital training but little experience in the private hospital branches won't appoint a chief who hasn't been a field commander, but not in the medical corps.

Though battle-experienced doctors have pleaded for better field training, the archaic hospital brass have ignored their warnings. Meanwhile, the doctors in Korea are saying privately:

"For God's sake, give us a surgeon near the front. Most military branches won't appoint a chief who hasn't been a field commander, but not in the medical corps."

BROTHERHOOD AT WORK
Loyola University in Los Angeles canceled its scheduled football game with Texas Western at El Paso because Loyola had a Negro habitué. Texas Western would not allow to play in the field.

When Stanley Meyers of Universal Pictures congratulated Loyola fathers for their stand against race discrimination, one of them remarked: "Unfortunately, it cost us \$8,000. That was the guarantee we were to give Texas Western, and we felt morally bound to pay them when we canceled. We don't know where we're going to get the \$8,000, but it was worth the money."

"Never mind, Father," replied Meyers, "the Lord has ways to take care of those things."

So Meyers, giving the Lord an assist, went to Noah Dietrich, head of the Hughes Tool Company of Houston and the man whose telephone as well as that of Howard Hughes was tapped in Washington by Senator Brewster of Maine on behalf of Pan American Airways.

"Noah," said Meyers, "you recently joined the church. Also, you're from Texas, a state whose attitude on the color question has just cost Loyola \$8,000."

Meyers went on to suggest that Dietrich make up the money which Loyola College had lost. Next day the Loyola fathers were surprised to receive a check for \$8,000.

MORE ON DEWEY - HANLEY
Here more inside on the bitter New York battle which raged over the heads of Gov. Tom Dewey and Joe Hanley.

Dewey heard of the existence of the Hanley "walk-out" letter, and on October 11 asked his lieutenant governor for a copy. Hanley refused. Hanley had written the letter to Kingsland Macy in September and sent a copy to James E. Coyne, a Saratoga Springs lawyer, who showed it to various friends. However, Dewey was not able to get a copy.
