Students Reject Hoover's 'Retreatism' In Blue And White's World Affairs Poll

Farmington High students have demonstrated that they have a definite concern in international affairs. The result of a poll conducted by the Journalism class clearly substantiates this.

In addition to the above, the results of the poll are significant in other respects. For example, students favor a continuation of no assistance to our allies as opposed to Hoover's "retreatism". The Juniors — 72 per cent of those polled — most strongly registered their disapproval of any "isolationist" move.

By slightly more than 50 per cent in each of three classes, students would be in favor of a "preventive war" with Russia; that is, students would attack the Reds if the Communists continue to attack us through her satellites.

In contrast, though students generally favored U. S. aggression in Russia continues to attack us, they do not like the idea of Universal Military Training. Seventy-five per cent of the Seniors polled flatly rejected U. M. T., as did 65 per cent of the girls.

The degree of opposition to U. M. T. appears to be determined by age differentials. The Seniors, who are at the right age for military service, strongly oppose it; whereas the Freshmen, who have at least three years before they might be called, tend to favor military training.

Fifty students from each class in grades nine through 12 were polled. They were asked seven questions. Unlike the previous poll concerning the United Nations which tested knowledge, this poll was designed to check student opinion only. The seven questions and their results are discussed in detail below. In all cases the percentages listed are of the students polled and not of the total class.

1. Herbert Hoover, former president of the United States, has suggested in a recent speech that the United States should bring the soldiers back home, and build up our own defenses, and let the other small nations take care of themselves. Do you agree with his suggestion?

All classes agreed on a negative answer to this question excepting

the Seniors. The percentages by class are:

| Class | Yes | No | ??? |
|------------|-----|----|-----|
| Freshmen | 30 | 50 | 20 |
| Sophomores | 28 | 62 | 10 |
| Juniors | 18 | 72 | 10 |
| Seniors | 28 | 46 | 28 |

2. If Russia continues to give support to her allies which in turn fight us, do you think the United States would be right in being an aggressor against Russia?

The general opinion on this question is "yes". In the Freshman class, 52 per cent said "yes"; the Sophomores 54 per cent; the Juniors 52 per cent and the Seniors 48 per cent.

3. Are you in favor of Universal Military Training?

Results on this question showed the number of girls in favor of this in all four classes to be about the same. Thirty-two per cent of the Freshman girls approved the plan, 48 per cent of the Sophomores, and 41 per cent of the Juniors.

The Seniors, however, showed 52 per cent in favor; the Juniors dropped to 32 per cent and the Seniors listed only 25 per cent in favor of it.

4. Certain military authorities have suggested that high schools should have cadet corps and teach basic military training to high school boys. Would you be in favor of such a plan?

As far as the girls are concerned, the percentages are nearly the same as those of the previous question. The figures are: Freshmen, 36 per cent; Sophomores, 52 per cent; Juniors, 35 per cent; and Seniors, 38 per cent. The male opinion, however, goes in the opposite direction with only 26 per cent of the Freshmen boys in favor of this plan. The Sophomores had 77 per cent in favor; the Juniors had 40 per cent and the Seniors 52 per cent.

5. Do you think the United Nations forces were right in entering the Korean War?

The Freshmen have some doubts with 42 per cent in favor of U. N. action, but the rest of the classes were firm in believing they were justified in entering the war. The Sophomores had 65 per cent in favor; the Juniors 62 per cent, and the Seniors 64 per cent.

6. Do you think the United Nations forces should evacuate Korea now?

Over half of the members of the three classes thought that the U. N. forces should continue the battle in Korea. The Freshmen were rather undecided, but 46 per cent of them answered "no". The percentages of those favoring staying on in Korea were: Sophomores, 52 per cent; Juniors, 54 per cent; and Seniors, 60 per cent.

Do you think the Chinese Reds should be admitted to the U. N.?

The Juniors took the strongest stand on this one. Sixty per cent said "no". The Seniors were next with 52 per cent, while exactly half the Juniors disapproved. Fifty-two per cent of the freshmen would let the Chinese Reds in the world organization.

Here And There
With The Alumni

Two more Farmington alumni, Red Peeling and Jack Hinbern, are in the service. They joined the Air Force and left January 2.

John Greco and Orville Brown are home on leave. Bob Tilley, who was home for Christmas, has returned to camp McCoy, Wisconsin.

Wedding bells sounded for Marjorie Greco, graduate of "49" on January 10. Bill is in the service but had to get back to his station the day after the wedding.

Rosemund Oliver is engaged to Roland De Remo. They both attend Detroit Bible Institute.

January 23, 24 Mark
Dreaded Days At FHS

There is one week in the school year to which each very student gives a backward glance. It is the week in which much is studied and supposedly comprehended. Each student is given the opportunity to prove his knowledge or ignorance, which ever it may be.

The students swear that this week is celebrated by all the teachers concerned, but I doubt it very much.

Yes, as you have probably guessed, the worry week of exams is here again.

Farmington High has set January 23 and 24 to hold the exams. First, third and fifth hour classes will have their exams Tuesday, January 23. Exams will be given in the second, fourth and sixth hour classes Wednesday, January 24.

The Future Nurses' Club has selected three projects for the coming semester. First, the group will participate in a regional Spring Doll Fair at either Ford or Harper Hospital in Detroit.

Second, Miss Olehewsky, Home Economics teacher, and Mrs. Imonen, school nurse, will direct a Home Nursing course sponsored by the Red Cross.

Third, the Senior girls in the club will receive pins for participating in club activities this year.

The girls will make several kinds of uniforms for their dolls so they will represent different kinds of nurses.

The Home Nursing course for the seven students in Miss Olehewsky's advanced Home Economics class will explain to them all first aid methods. Mother and Child care will be taken up when the first aid program is completed.

The Senior members of the Future Nurses' Club who have attended ten meetings this year will receive their club pins.

Are You Forgetting To Oil The Machinery?

Some businessmen look upon advertising as an expense to come under the knife. When expense must be cut, the advertising budget is first. THE TROUBLE WITH THAT METHOD IS — IT JUST WON'T WORK. The fact overlooked is that newspaper advertising represents only a fractional part of the cost of goods sold.

ADVERTISING IS THE INSTRUMENT WHICH BRINGS THE GREATEST RETURNS WHEN IT IS INTELLIGENTLY PLANNED.

Advertising becomes expensive when you don't use enough.

IT'S LIKE FAILING TO-LUBRICATE A PIECE OF VALUABLE MACHINERY. YOU SAVE THE COST OF THE LUBRICANT, BUT EVENTUALLY YOU HAVE TO PAY THE BIG REPAIR BILL — AND PRODUCTION LOSSES WHILE THE MACHINERY IS IDLE.
