WASHINGTON MERRY-GO-ROUND

(Continued from Page Two)

Following changes in the draft law to the new session of congress:

1. That the draft age be lowered from 19 to 18 years, with the maximum age limit kept at 25.
2. That the draft of enlistees in the organized reserves and the national guard be stopped.
3. That draft eligibles between 18 and 25 be taken in the following order: First, all unmarried students except the top third in their classes; second, married novets without children; third, unmarried veterans; last, novets with children.

INCREASED LIVING COSTS
One thing that has stamped price tags, Alan Valentine and Mike Di Salle is that they cannot impose price controls on certain farm products until the cost of living goes up even more.

This is because the farm bloc in congress inserted a provision in the price control bill whereby certain farm prices cannot be controlled at a point under parity or to increase the price of last May and June.

Because of this, the agriculture department has advised the bakers and millers that they face an early price control. Bread will have to increase one or two cents a loaf to permit price controls, Ralph Trigg, the department's production and marketing boss, privately informed bakers and millers last week.

The agriculture department has also informed Economic Stabilizer Valentine that overall controls on farm products would raise the nation's food bill 5 to 10 per cent because of the number of commodities now below parity prices.

MEAT PRICE CEILINGS
Of the foods that will be controlled, beef, lamb and veal top the list. All are above parity. Price Administrator Di Salle will have a meeting with Chicago meat-packers and Western cattlemen this month and expects to put a price ceiling on meat in February. It will take at least that time for it to get at the general.

SILVER BULLETS
A plan to use "silver bullets", the ancient and still most effective weapon in China, is being carefully studied by U. S. strategists.

One specific proposal offers hard cash and a guarantee of food to Chinese who surrender to United Nations forces in Korea. A soldier surrendering a mortar would get one ounce of gold, and so on up to five gold bars.

MSC Climbs To 10th Largest In Nation

Michigan State College jumped from eleventh to tenth largest university in the nation, according to the annual survey of educational institutions' enrollment conducted by Dr. Raymond Walters, president of the University of Cincinnati.
