## The Sunshine Lady

Think Of Others When Your Life  
Is Blue, Sunshine Lady Says

When days are dark and blue perhaps it would do us good to think of the lives and work of others.

Gothie said, "Give me your help, I have doubts of my own." To climb up a ladder, you must be willing to make efforts. And to get to the top, you must keep confidence.

Finally, the day came when he was to deliver his maiden speech. He set himself to the task with great flourish and gestures. The house roared with laughter and ridicule him so that he never finished his speech. He sat down, but not before he said, "I will sit down now, but the time will come when you shall hear me."

He set himself to ascend the ladder slowly, but with confidence. Then came the day when he was a Peer of the Realm and the prime minister to all England, acclaimed for his statesmanship.

John Ayscough wrote, "God gives us our faces; we ourselves our expressions." In other words, a sourness is made, not born.

In a recent letter to me, Governor C. Mennen Williams wrote, "We need God's spiritual guidance and help in the troubled days that we are facing."

Have you done your best for someone today? The mother of Mrs. Mabel Lapid, 1502 Richman, Detroit 6, is very ill. Mabel spends a great many hours doing for others. How nice it would be if others at this time would send her a friendly note.

Her friends and neighbors will be wishing a happy birthday to

military strength.

In Michigan, wage and price controls, which have left the public in a mood of "war readiness," the step was coming, it came and — what next? General feeling: It's war again; let's face it!

A permanent price administration is in the mill for the state. Philip Hart, baby-faced director of the Michigan Corporation and Securities Commission, has been appointed chief.

It has been recommended that a civil defense committee be appointed in every school of the state. Department of public instruction asks that the institutions be ready — "and who knows when the children will be evacuated?" one official said.

Michigan has 50,000 fewer farms than it had five years ago. Census takers found only 155,375 farms last year while they numbered 175,268 in 1945. But farms are larger nowadays.

News for trout fishermen: Conservation department fish hatcheries have released 2,204,000 trout in state inland waters in the last year. What turtles don't get, you can have.

Two U-M Faculty Men  
Head National Groups

Two faculty members of the University of Michigan School of Natural Resources have been elected to head two national societies.

Warren W. Chase, chairman of the department of Wildlife Management, has been chosen president of the Wildlife Society for 1951. The organization in which Prof. Chase has been active for several years is the national professional group of wildlife technicians and managers.

Karl Lagler, chairman of the department of fisheries, has been elected chancellor of Phi Sigma, national honorary biological society, for a four year term.

SGT. DEVER NOW  
STATIONED AT AIR  
BASE IN JAPAN

Technical Sergeant Maurice F. Dever, from 24630 Orchard Lake Road, recently arrived for his assignment at Tachikawa Air Base, Japan.

A graduate of Springfield High School, Ohio, he first enlisted in the Air Force in October 1940.

T/Sgt. Dever attended jet service school at Chanute Air Force Base, Illinois, from November 1947 to March 1948. He arrived at Naha Air Base, Okinawa, on September 20, 1950, and transferred to Tachikawa Air Base in December, 1950. Upon his arrival at Tachikawa Air Base

on December 17, 1950, he was assigned with one of the units of the 374th Troop Carrier Wing (H), commanded by Colonel Troy W. Crawford of Mangham, Louisiana.

St. Dever's wife Betty and their two children, Sharon, 4, and Susan, 1, are presently residing at 24630 Orchard Lake Road. Upon completion of his present tour of occupation duty, Dever will return to the United States.

## New in Style—New in Structure—New in Power—New in Thrift— Potent in Price Appeal—It's the 1951 BUICK SPECIAL!

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-featured, Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horse-

power with standard transmission—128 with Dynaflo Drive.\*

It's a Buick with less weight and more power—and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving into the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road. That title, in three words, will be: "Thriftiest Buick Yet!"

\*Standard on ROADMASTER, optional at extra cost on other Series.

\*Standard equipment, accessories and trim. Illustrated are subject to change without notice.

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is:

Once this one's discovered, the demand will be terrific.

### No other car provides all this:

Dynaflo Drive • Fireball Power • Torque-Tube Drive • Dual Ventilation • Push-Bar Forefront • Dreamline Styling • White-Glow Instruments • 4-Wheel Coil Springing Body by Fisher
