Grid Stadium To Be Site Of MSC Graduation

Michigan State College will have an outdoor commencement in Mackinac Field stadium Sunday, June 3, at 5 p.m.

This is the first time MSC commencement ceremonies have been held in the stadium. Since 1948, graduation has been held the first Sunday in June in Jenison field house.

The location was changed from Jenison field house to the stadium at the request of students who wanted more tickets for relatives and friends. In case of inclement weather, the ceremonies will revert to the field house, which will also be decked in graduation attire.

Council Pushes Forest Research

Research for the expansion and improvement of forest resources in Michigan's Lower Peninsula will receive wider attention and coordination through a council organized of land owners, wood product producers and educators.

The group, to be known as the Lower Peninsula Forest Research Council, was organized at a meeting at the University of Michigan. It has evolved out of the advisory committee to the Lower Peninsula Forest Research Center at East Lansing.

Dr. Dana, Dean of the University of Michigan School of Natural Resources, is chairman of the council and John Arend, director of the Lower Peninsula Forest Research Center, is executive secretary.

The council plans to serve as a clearing house for information, primarily on forest research, for farmers, land owners, pulp companies, saw mill operators and educational institutions. It will also cooperate with State and Federal agencies.

Michigan has more man-made forests than any other state in the Union, Dean Dana pointed out. The council will work toward improving land use generally in Michigan, but focusing its attention on the Lower Peninsula. A similar council is now operating in the Upper Peninsula, he said.

Council members include: S. G. Fontana, deputy director of the Michigan Department of Conservation, Lansing; Prof. P. A. Herbert, Michigan State College, East Lansing; L. C. Palmer, Kent County Road Commission, Grand Rapids; G. B. Bonfield, vice president of the American Box Board Company, Grand Rapids; and George Blair, consulting forester, Jackson.

MSC Groups Must Eliminate Race Bans

Michigan State College organizations, including fraternities and sororities, must eliminate discriminatory clauses from their constitutions by October 15, 1956, according to a bill passed by the MSC Student Council.

Under the bill, which must still gain faculty approval, no new organization with discriminatory clauses will be allowed to operate on the campus. The law does not prohibit church groups from organizing along lines of religious faith.

All groups which belong to national organizations, such as fraternities and sororities, shall be required to call for removal of discriminatory clauses at national and regional meetings of their groups.

superintendent indicated that the immediate need of the District is for additional elementary classrooms although a high school unit must be considered in the planning.

None of the additions or new units can be completed and made ready for use before 1952. Final sketches and specifications must be drawn, a special election held for the granting of funds to build the units, bonds issued, a contractor selected and the construction work completed.

Delmontier Heads Polio District

Pierre Delmontier has been elected director of the Southern District of Oakland County for the National Foundation for Infantile Paralysis, the County Chapter announced this week.

According to the Oakland County Chapter, Delmontier will have charge of National Foundation activities in Farmington City and Township, Novi Township and the City of South Lyon and Lyon Township. This means not only the annual March of Dimes Campaign but also aid to polio victims throughout the district.

Delmontier was chairman of the 1951 Farmington March of Dimes Campaign. The Farmington area contributed \$1,555 in the drive. A total of \$24,493.07 was collected in Oakland County. Farmington's total in 1951 is the highest ever collected in a March of Dimes drive in this area. Delmontier stated that, "The residents of Farmington, by giving to the 1951 March of Dimes, have not only given aid to those who have been stricken by polio, but hope for children of the future." The National Foundation's intensive research program is aimed at the elimination of polio as a threat to children and adults.

question of whether or not they will approve the new proposed city charter as drafted by the State Commission, elected January 2, 1951. The new charter provides for the formation of a city manager type of government with a legislative council instead of the present city commission. If the new charter is approved by the voters a special election will be held in May to elect new members to the city council.

TOWNSHIP CONTEST

There will be just one contest on the Farmington Township ballot with James D. Elhier, the lone Democratic candidate, running for Constable, against four Republican candidates. There are four to be elected. Ernest Blanchard is unopposed for Supervisor. As is Harry McCracken for Clerk and Clayton and Thomas Tardy are unopposed for Justice of the Peace and Carl P. Halse is unopposed for Board of Review. The four Republican candidates for Constable are: Raymond Geary, Godfrey Gagnon, William LaForge and Edward J. Miller.

Voters in both the township and city will elect the following state officers: two Justices of the Supreme Court, two regents of the University of Michigan, Superintendent of Public Instruction and two members of the State Board of Agriculture. Three proposals will also appear on the ballot. Proposal No. 1 is a joint resolution proposing an amendment to the State Constitution providing for annual regular sessions of the legislature. Proposal No. 2 is a joint resolution proposing an addition providing for a bonus of \$500 to survivors of persons in military service who have died or shall hereafter die from service connected causes between June 27, 1950 and the termination of the state of national emergency. Proposal No. 3 is a joint resolution permitting an increase of salaries of Supreme Court Justices after election so that all Justices serving concurrently may receive the same salaries.

Spareribs And Sauerkraut

Don't that sound yummy? We sorta thought it did and on account of us thinkin' that way we're gonna make it real interestin' fer yuh. Now we got some No. 2 1/2 cans of Silver Floss kraut and we're sellin' 2 of 'em fer 27c. To go round this here kraut we got some spare ribs what you can git fer 49c a lb. You say yer not satisfied? You want more yer fer money — tell yuh what we're gonna do. We're gonna put a 19c a lb. tag right in the middle of some of the meatiest neck-bones yuh ever saw! Yuh don't need much else to go with a meal like that only maybe a little bread and butter and instead of butter yuh doncha git a pound of All Sweet oleomargarine — the new colored kind — fer 29c a lb.? Fer dessert yuh might jist have a dish of apple sauce and we got some in cans whatcha git 2 of fer jist 33c. There's a mighty reasonable meal fer some night and you aint gonna pass it up — are yuh? ?

You know 'long about this time of year you git a hankerin' fer some fresh vegetables and we sorta had an idea that maybe you would like some new cabbage or some new carrots. We've got 'em both. The new cabbage is costin' yuh much cheaper now. It's 2 lbs. fer 25c and the carrots are 3 bunches fer 25c. If yuh like this stuff shredded up for a salad yuh gotta have a dressing of some kind. We're gonna give yuh those quarts of Salad Bowl dressing fer jist 49c this week end again. Or maybe yer one of those people that like oil dressings? Now's yer chance to git some Mazola oil fer jist 89c a quart. They tell me Mazola is swell stuff to cook with, too. Have you tried it lately??
