

**D. O. I. Initiates New Members**

Our Lady of Sorrows Circle 617, Daughters of Isabella, held their initiation of new members Sunday, April 29, at 3 p.m. at the Farmington Town Hall.

Luncheon was served by Mrs. Romeo LeMieux, chairman, and her committee, Mrs. Ann Cornell, Mrs. William Fischer, Mrs. Gertrude, Mrs. Dewey Buckland and Mrs. Elizabeth Strze.

Guests included Mrs. Helen Martin from Peck, Michigan, who is First Regent of the circle, Mrs. Anna Wehr from Queen of the Holy Rosary in Royal Oak, and Mrs. Joan Kain from Joan of Arc Circle in Dearborn.

At the April meeting, the circle celebrated its 13th birthday.

**ROLLING DOWN THE RIVER**

By Bob Kettler

A small town in Wisconsin recently passed an ordinance that states: no resident residing within the city limits shall keep more than two geese, two rabbits, two dogs, two doves, two mink or two cats. Somehow we feel sorry for the law-abiding citizen that goes to bed with a clear conscience and awakes to find the rabbits have made him, many times, a criminal.

And while we're feeling sorry we might as well shed a tear for the youngster of today, who may have to serve out his whole childhood before a price-reduction permits him the opportunity to discover the taste of a real beefsteak.

Along about here, perhaps, we should mention that no one has to wait too long to discover the thrill of riding in the glorious new Studebaker. You haven't really discovered ease of driving, powerful performance or economical operation until you sit behind the wheel of the '51 Studebaker V-8 Commander. More compact power than you thought possible and you'll be able to take a beefsteak on the gasoline money you will save. Why wait? Arrange a demonstration now!

Now that spring is at hand and the month of June not more than thirty days away, perhaps we should warn all young men that there is nothing more exasperating than a wife who can cook and won't, except the one that can't cook and will.

However, before we get to the month of June, we must first get through the month of May. Governors and Mayors throughout the land have proclaimed May as national Safety Month and will you be a bit more careful. Now you can't be really safe if your car isn't. Be a good idea, we figure, to get the old bus into our shop for a bit of a check-up, especially around the brake department. Have our mechanics, who know more about your car than you really should about, check, adjust and if necessary repair your brakes. They'll be glad to tune the motor too which is a good idea. If only for the thrill you'll get from driving a perfectly adjusted power-plant.

Well that's that, but it's the wise husband, who knowing that he is absolutely right, takes time out to ask his wife what she thinks.

Yours,
