SIXTY-FOURTH YEAR — NUMBER 11

FARMINGTON, MICHIGAN, THURSDAY, DECEMBER 20, 1951

FIVE CENTS A COPY

### Grace Lutheran Church To Hold Christmas Program December 21

The Sunday School staff of the Grace Lutheran Church, Grand River at Imperial, met Monday, December 10, and planned the coming Christmas program. A public address system will be installed for the occasion. It was decided that the new St. Paul steel will trim the Christmas trees in the church Friday, December 21.

Immediately following the tree trimming a chili dinner will be served and all members will participate in a Christmas grab bag.

The Aid Association for Lutheran Branch 758 held a special meeting for the election of officers Wednesday, December 12. A pot luck supper, movies and door prizes were events of the evening. The officers for the coming year are: Charles Sewell, president; Gus Teufel, vice-president; and Mrs.

Darrel Lutz, secretary-treasurer.

The Ladies Guild held its Christmas party Thursday, December 13. The tables were gaily decorated with Christmas trees, Santas, ornaments, evergreen and candles. The program included a reading by Mrs. Edna Masters, a solo by Mrs. Olive Sherwood, the singing of carols and opening of gifts.

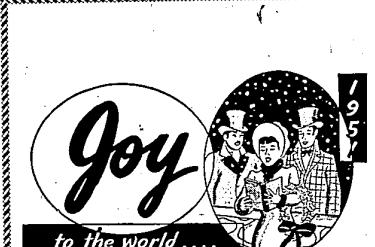

Mrs. Alma Otto, dressed as Santa Claus, was the hit of the evening. Mrs. Marion Warmbier was chairman of the party. She was assisted by Mrs. Helen Clifford, Miss Elsie Hiller and Mrs. Mabel Hunter.

A surface temperature above 700 degrees Fahrenheit is capable of quickly igniting most combustible materials.

The friendly greetings we send to you are as joyous and true as the sound of the glorious Christmas bells.

### Farmington Debate Team Tied For Inter-Lakes Conference Lead

Farmington High School debaters are now tied for first place in the Inter-Lakes Debating League with the squad from Walled Lake. Each squad has won three debates and lost one. Farmington won two debates in the recent tournament at Waterford High School and Walled Lake won one and lost one to cause the tie for first place.

Two league tournaments have been held to date with the other places as follows: Keego Harbor, second place with two wins and two losses; Southfield and Waterford tied for last place with one win and three losses each.

Two more league tournaments will be held after the Christmas holidays. The first tournament will be at Walled Lake on Monday, January 14, and the second will be held at Southfield on Monday, January 21. Schools winning three fourths of their tournament debates are allowed to enter the State Championships which are held at the field to eight schools. The eighth debate in a series of elimination contests leading to the State Championship debate which will be held in the Rackham Building at Ann Arbor on April 25.

At this time of the year we are all busy preparing for Christmas. Wonder if we couldn't pause for just a little while and look around. Perhaps we are neighbors close by and will not be as fortunate as we. To give as well as receive gives you a warm feeling.

At this time the American Legion Post and Auxiliary Unit 346 of Farmington would like to extend to you and yours a Merry Christmas and a very Happy New Year.

Following the meeting a beautifully decorated squash, which weighed approximately 15 pounds, was awarded. The squash was decorated and donated by Mrs. Warner Markel. It was awarded to Mrs. Doris Gravlin.

At this time of the year we are all busy preparing for Christmas. Wonder if we couldn't pause for just a little while and look around.

Perhaps we are neighbors close by and will not be as fortunate as we. To give as well as receive gives you a warm feeling.

At this time the American Legion Post and Auxiliary Unit 346 of Farmington would like to extend to you and yours a Merry Christmas and a very Happy New Year.

### Add Ice Rink To Sports Center At St. Clair

The Huron-Clinton Metropolitan Authority adds another winter sports center to its year-around recreational facilities for five metropolitan area counties with the building of an ice skating rink at St. Clair Metropolitan Beach, located 22 miles northeast of the Detroit City Hall.

Nearly an acre has been cleared off as a rink, complete with shelters for skater changing and checking lights for night skating, and a public address system for constant musical accompaniment. The rink will be flooded as soon as the weather indicates it, Kenneth L. Hallenberg, authority director, announced this week.

Building personnel will supervise skaters from 4 to 10 p.m. daily and for longer periods on week ends if attendance warrants it.
