

Here Are Our New Political Districts

CONGRESSIONAL DISTRICTS—Observerland has parts of 3.

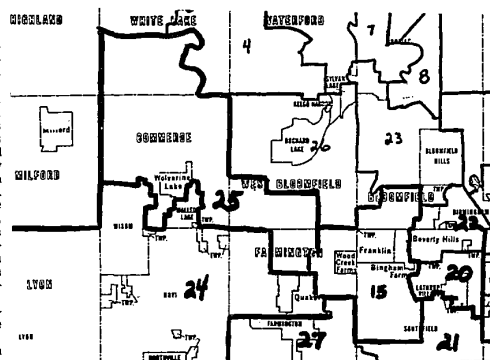

Oakland State House Districts

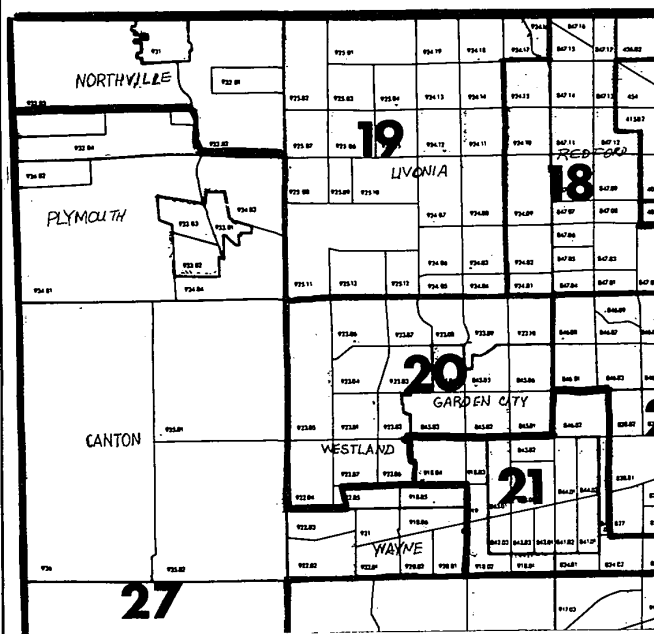

Wayne State House Districts

This August's elections will be different from the past because each candidate will be running in districts of different sizes and com- positions. New apportionment plans for Congressional, legislative and county commissioner's positions of some districts. The new congressional out of the area by moving them northward in Oakland County. The areas formerly in the 19th and 18th, Farmington City and Township and Southfield and Lathrup Village, are now in the new 17th District along with Redford Township. U.S. Rep. Martha Griffiths (D-Detroit) represents that area. The 2nd District now extends eastward and encompasses Livonia as well as Plymouth City and Township. It is represented by U.S. Rep. Marvin Esch (R-Ann Arbor). The 15th District remains much the same and keeps Westland, Garden City and Canton Township, currently under U. S. Rep. William Ford's (D-Taylor) leadership. The state representative districts have also changed, creating two in this area where there isn't an incumbent -- the 52nd in Plymouth and the 36th in southwest Livonia and northern Westland. Five Wayne County commissioners districts are in the Observerland area. The local senators won't run for reelection under the new apportionment plans for two years.

Oakland County Commissioners Districts

WAYNE COUNTY COMMISSIONER districts greatly changed.
