

THURSDAY AT 1000 AM THE NEW CROWLEY'S OPENS IN FARMINGTON

A totally new reflection of your lifestyles is ready to come alive! And, it comes to you in an atmosphere charged with appealing innovations. We kept super graphics in mind with generous use of modern color. We utilized fixtures designed for visibility; arranged our departments for simple selection. We looked at your '72 image, projected it in this season's fashions, home and decorator ideas, gifts, housewares and small appliances. To do this, we called upon makers and designers Crowley's customers have always relied on for their current thinking and consistent quality. We've given a lot of attention to the little things that make pleasant shopping your lifestyle, too. Convenient hours . . . we're open every day until 9 p.m., Sundays, Noon to 5 p.m. Or you can phone 962-2400 . . . and have your order delivered. If your lifestyle includes charge accounts, both BankAmericard and Master Charge are welcome at Crowley's. We've tried to be as exciting as today, yet friendly and capable of individual service. We've tried to plan our store to keep pace with the lifestyles of people like you. We think you'll be surprised how different shopping in Farmington becomes, tomorrow at 10 a.m.
